## Euro Crystal Clear Headlight Offers A Brighter Light

72-555

72-556

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
72-555	EURO 7" ROUND HALOGEN HEADLIGHT RX7	79-85 (2)	37.44	29.95
72-556	EURO 200MM RECTANGLE HEADLIGHT RX7	86-92 (2)	37.44	29.95
72-030	HALOGEN REPLACEMENT BULB WHITE		7.44	5.95
72-031	HALOGEN REPLACEMENT BULB BLUE		11.19	8.95
72-040	HEAVY-DUTY HEADLIGHT HARNESS RX7	79-92 (1)	37.44	29.95

The Euro style headlight is a brighter light focused on the road for a greater distance. Maximum light output is produced from the state-of-the-art reflector in combination with a strong semi-hardened crystal clear glass lens, which does not diffuse the light associated with traditional headlights. Includes a high-efficiency white halogen 12V 60/55 watt replaceable bulb. Light is DOT and SAE approved. This OE-quality headlight has an aluminum die-cast housing with a protective finish coating, which makes the housing corrosion free.

72-031

For added style, replace the white H4 halogen bulb with a halogen H4 blue-coated bulb #72-031. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; order yours today.

If you are adding brighter bulbs or upgrading to high power halogen lights, use a Heavy-Duty Headlight Harness. For more information, see page 42.

## Convertible Tops Keep You Dry

RX7 1988-92

**Both Front And Rear Covers Must Be Purchased For A Complete New Top**

Convertible Tops are designed for easy installation and original fit. Quality preshrunk, waterproof material is finished in pinpoint grain vinyl. All seams are stitched with Dacron thread and dielectrically heat sealed into the tops.

#82-141-BB is made with original style rainguard deck seams.

#82-142-BB Rear cover does not include rear window glass, existing glass must be reused. Rear window opening is not pre-cut, use old top as pattern. Specialty shops that install convertible tops might be considered.

Supplied with original style drain hoses. Headliner is not supplied with convertible tops. You must re-use factory metal retainer from your old top. Vinyl is not an exact match to original vinyl grain. Don't live another day with a torn or leaking top, order your new Convertible Top today.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL

## Rear Hatch Strut

RX7 1979-85

**Tech Tip**

Always replace struts in pairs to prevent twisting caused by uneven loads.

Signs of strut failure are: hatch will not stay in the full open position, especially in cold weather and difficulty in lifting the hatch. Necessary hardware is included.

# VICTORIA BRITISH LTD®

In 2006, here we grow again ...

**Victoria British Ltd.** introduces the new name of **Black Dragon Automotive**.

As we continue to grow, you can look for the same high-quality automotive parts, great customer service and overall convenience that all of our customers have benefited from in the past ... now with a new name **Black Dragon Automotive**.

## Electric Cooling Fan Kit Keeps Your Engine Cool

**Electric Cooling Fan** - Now you can keep your engine cool no matter what the traffic situation by buying an Electric Cooling Fan.

- Efficient 8-blade fan and high-performance motor for maximum air delivery; fan blade and shroud are constructed of glass-filled nylon for strength and durability.
- Works off the car's electrical system so it reduces engine load.
- Operates only when needed with #54-919 Adjustable Thermostat, not included.
- Includes all necessary mounting hardware and easy-to-follow instructions.

**Adjustable Thermostat** - Set fan temperature to suit your conditions. Adjustable from 32°-248°F.

**Quick Re-Installation Kit** - Gives you everything you need to reinstall the cooling fan should you ever have to remove it.

## Seat Heater Kits ... Warm Yourself Up Before Your Car Warms Up

Seat Heaters are constructed with patented carbon fiber heating elements. Carbon fiber technology allows for quick, consistent and controlled warmth. The heating elements are paper thin and install between any seat cover material and the seat cushion. They are water-resistant and are not affected by damp clothes, spilled beverages or wet pets. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and easy-to-follow, fully illustrated instructions.

#84-599 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

Order two Seat Heater Kits to ensure maximum comfort for the driver's and passenger's seats.

## Carburetor Repair Kit

**RX7 1979-85**

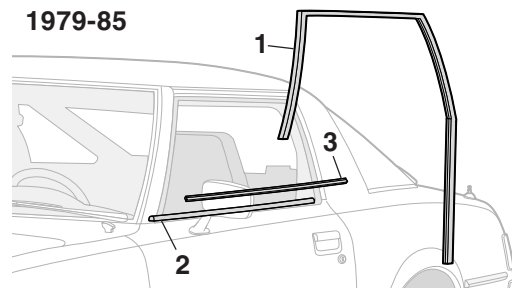

Most people look at carburetor repairing as if it were brain surgery. Actually, anyone can do it if they have the right repair kit. Our repair kits make the job easier so you can do it yourself for less than your mechanic would charge you to do the job. If your carburetor is acting up, get a Carburetor Repair Kit and fix it yourself for less. *Carburetor Repair Kit does not include metering needle.*

## Your RX7 Could Be Shown Here!

You worked hard restoring your car ... and now you want others to see it. Send in a glossy (color or black and white) photo of your car to the address at the bottom of the page - Attn: Graphics Dept. Include your name, address, phone number and a note about what you've done to it. Please add any interesting stories you may have about it. Someday you might see your truck inside this catalog or on our website. Then you can show off your car to family, friends and other RX7 owners.

## Why You Should Buy From BLACK DRAGON AUTOMOTIVE

Dear RX7 Owners:

As your eyes travel this catalog, you'll benefit from: What you need to know about taking care of your car ... how to keep your car looking good on the inside and out ... how to improve performance ... how to keep the body of your car in trim shape ... how to make your engine sound great.

But that's not all. Here are ten more reasons you should do business with BLACK DRAGON AUTOMOTIVE based on the satisfied experiences of thousands of customers across the country and abroad.

- Confidence** ♦ You have the confidence you are dealing with an established company in business for over twenty years.
- Security** ♦ You are secure ordering online with the latest 128 bit encryption technology to keep your information safe using the industry standard Secure Sockets Layer "SSL". The SSL technology encrypts your credit card information to prevent it from being intercepted as it travels over the Internet.
- Trust** ♦ You can trust us. Through BLACK DRAGON AUTOMOTIVE you can depend upon the reliability of our car parts and accessories and the driveability they provide. They all add up to performance.
- Convenience** ♦ Direct online ordering is available 24 hours a day at [www.BlackDragonAuto.com](http://www.BlackDragonAuto.com) or by fax at 1-800-541-8525 without having anyone else in the middle. If you do not have a BLACK DRAGON AUTOMOTIVE parts catalog yet, request one of our free catalogs today. You also have the confidence you can order parts and accessories from BLACK DRAGON AUTOMOTIVE by mail or toll-free by telephone at 1-888-789-3746, 7 days a week.
- Prices** ♦ You will certainly like our prices ... because they are very much in line. Whether it is original equipment, replacement or reproduction parts, BLACK DRAGON AUTOMOTIVE prices are among the lowest in the business because of our volume purchasing. By dealing with Long Motor Corporation and BLACK DRAGON AUTOMOTIVE through internet online ordering, mail order, fax or telephone order, you will have more dollars left over to put into your car. Indeed, the way to have fun is to be affordable! In fact, you will find that the prices at BLACK DRAGON AUTOMOTIVE are lower than the local car parts store. Find the "Right Part ... Right Price ... Right Now"™. Shop BLACK DRAGON AUTOMOTIVE.
- Protection** ♦ All orders at BLACK DRAGON AUTOMOTIVE come with a full 180 days of purchase protection, return or exchange.
- Inventory** ♦ You will like our huge inventory of parts and accessories. We stock over 25,000 pickup car parts and accessories so that you can get the part you need for your car FAST.
- Assurance** ♦ You have the assurance of working with BLACK DRAGON AUTOMOTIVE, America's largest car parts and accessories distributor. BLACK DRAGON AUTOMOTIVE carries the most extensive inventory of car parts and accessories in the world. Our Customer Service department will work with you to process your car parts and accessories order in the most efficient manner possible! You will see that BLACK DRAGON AUTOMOTIVE is willing to go beyond the call of duty to help ALL of our customers since 1981.
- Credit** ♦ We accept Visa ... MasterCard ... American Express and Discover.
- Ordering** ♦ Discover the ease, safety and convenience of ordering your car parts and accessories online at [www.BlackDragonAuto.com](http://www.BlackDragonAuto.com). A direct order line is also available to you 7 days a week ... the toll free number in all 50 United States and Canada is 1-888-789-3746. Car parts and accessories orders can be placed with BLACK DRAGON AUTOMOTIVE worldwide at 1-913-541-8500.

## How To Use This Catalog

### Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
70-407	(1)	WIPER BLADE RX7	79-85 (2)	12.44	9.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" and "Set" normally do one (1) car; read "REQD" column to be sure.

Explanation of policies is on pages 87 and 88.

## Listing Explanation:

PART: The part number you order, i.e. #70-407.

ILL #: Illustration reference number, i.e. (1) is the Wiper Blade.

DESCRIPTION: Name of part, i.e. Wiper Blade

APPLICATION: Model and year part fits, i.e. RX7, 1979-85.

REQD: Quantity of the part required for one car, i.e. two (2) Wiper Blades are required for one car.

LIST: Suggested national list price, \$12.44.

SELL: The low price you pay for one part, i.e. Wiper Blade is \$9.95, making your total net cost \$19.90 + Delivery & Handling for two Wiper Blades required for one car.

## Part Number Definitions

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$100.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.

-Z Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.

-R Remanufactured Part - No core charge.

## We Care For You & Our Environment

At BLACK DRAGON AUTOMOTIVE taking care of the environment, as well as your car, is one of our main concerns. We have printed our catalogs on paper which may be recycled. So when you receive the next edition of your catalog, tear off the cover of the old catalog, add it to your newspaper pile and take it to your nearest recycling center. You will be doing your part to keep this planet beautiful and help make the world a better place to live for future generations.

BLACK DRAGON AUTOMOTIVE is making a concentrated effort to provide safe delivery and keep the environment as clean as possible. We use a polystyrene "peanut" as pack fill. It is photodegradable - which means that it will disintegrate in the sun, not in a landfill. It has been produced without ozone depleting chlorofluorocarbons.

Codes have been given to identify recycling processes, check with your recycling center to see if they accept polystyrene code 6. If this "peanut" is not recycled and is sent to a landfill, it's still environmentally safe. You may have noticed that some of your packing materials do not have our company name and logos printed on them; we use boxes that have misprints or are overruns to help control waste and packing cost. BLACK DRAGON AUTOMOTIVE is helping you and our environment.

Latch Opener, Power	12
Leather Steering Wheel	25

## If You Can't Find The Part You Need In This Catalog, Here's What You Should Do:

1. Check the CLASSIFIED LISTINGS of your local NEWSPAPER (usually the Sunday issue is best) for cars being "parted out" (sold in pieces).
2. Check local SALVAGE YARDS. Even if they do not have a car like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Ask them if you may use it, if necessary.
3. Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
4. Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

**BLACK DRAGON AUTOMOTIVE** is in no way affiliated with the Mazda Motor Corporation nor do we intend to imply that. The name Mazda is used for reference only.

*Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicles production.*

## RX7 History

**1979** RX7 debuts in spring 1978 as a 1979 model. Powered by 100 horsepower 12A engine displacing 1146cc. A Nikki 4-barrel carburetor provided fuel. Three transmissions were available: 4 and 5-speed manual, or a 3-speed automatic. Cost and time restraints required recirculating ball steering, front disc/rear drum brakes, and 13" wheels. Early '79 models lacked passenger-side rearview mirror. US model was only available as a 2 seater.

**1980** Electronic ignition replaced points system. The speedometer was limited to 85 mph per federal regulation. Rear bumper had two rubber nubs below the rub strip. Antenna length increased 8" for better reception. Vinyl upholstery became optional. Anniversary and Leather Sport edition available. The Anniversary edition included special upholstery on new seats, side mirrors that were manually controlled from the inside and optional alloy wheels. The Leather Sport option included full leather upholstery, a sunroof and gold alloy wheels.

**1981** Thermal reactor was replaced by a pair of catalytic converters. 4-speed manual dropped, 5-speed was now standard. A rear anti-roll bar, electric remote fuel filler release and intermittent wipers became standard. Black Mazda emblems replaced bright ones on the hood and rear deck. Wider side molding integrated the front and rear bumpers together and incorporated sidemark lights. Turn signals were recessed into the corners of the front bumper. Front and rear bumpers were more aerodynamic. License plate moved below rear bumper. GSL model replaced Leather Sport package and received rear disc brakes and a limited slip differential.

**1982** No major changes were made.

**1983** Oil cooler was moved from under the radiator to under the oil filter. 130 mph speedometer returned. Pop-out sunroof became standard on the GS model. New heater ventilation controls and lumbar adjustable seats were available. 5,000 Limited Edition models introduced, with Chateau Silver paint with red pin-striping. They also featured a special sound system, pop-out sunroof, cruise control, air conditioning and a red velour interior.

**1984** GSL-SE models introduced with 13B fuel injected engine. Engine displacement increased to 1308cc, with 135 horses and 6 port induction system. 4-speed overdrive automatic with lock up torque converter was optional on GS and GSL versions, replacing the 3-speed. Speed-dependent variable power steering assist was optional on GSL models. Rear-trailing arms were dropped 20mm to provide roll understeer.

**1985** Wheels on all models had 5-1/2" wide rims. Last year for the 12A engine.

**1986** 2nd generation introduced. Turbocharged version was offered for the first time. Engine modifications on normally aspirated 13B increased horsepower to 146, turbo version had 182. Two transmissions available; Mazda 5-speed manual and Jatco 4-speed automatic. All models featured fully independent rear suspension. Auto-adjusting suspension was standard on the GXL. Base models had single piston front calipers; GXL and sports-packaged equipped models used 4 piston front calipers. 4 wheel discs standard on all models. Rear seats were available for the first time.

**1987** Anti-lock braking was added as an option on GXL and Turbo models. Starter interlock added to manual transmission models (clutch pedal had to be depressed for the car to start).

**1988** Factory built convertible offered which added 378 pounds. Base models now called SE, a new GTU model was added. Standard on the GTU was sport-tuned suspension, sport seats, aerodynamic body pieces, limited slip differential and body colored electric mirrors. 10th anniversary package offered ABS, leather upholstery and a special audio system. All 1500 cars came in monochromatic white.

**1989** Base engine horsepower increased to 160, turbo to 200. Engines received more refinement, more compression, lighter rotors and better breathing. Automatic transmission was available in the convertible for the first time. GTU became the base model; GTU-S came with the handling package of the Turbo models, with normally aspirated engine. Body received mild face lift and body colored rubstrips.

**1990** Airbag passive restraint for the convertible available. The GTU-S model was dropped after 100 models were produced.

**1991** Only three models offered: coupe, turbo and convertible. The GTU and GXL models merged, simply named the RX7 Coupe.

**1992** No new models were produced. 1991 model sales carried over into 1992.

**1993** Third generation introduced. Sequential twin turbo 13B, 255 horsepower was the only engine available. ABS was standard. Three models were available: Base, Touring and R1. Base models had cloth seats with air conditioning and cruise control optional. Touring package included Bose sound system, driving lights, cruise control, power sunroof, leather seats, CD player, rear wiper and cargo cover. R1 model came with dual oil coolers, front strut brace, stiffer suspension, front and rear spoilers.

**1994** R1 models became the R2 model. Dual airbags standard. All models were given softer rides. Front castor was increased for improved tracking. The rear sway bar diameter was reduced on Base and Touring models.

**1995** Mazda decided to discontinue exporting RX7's to the US; however, they continued to be sold elsewhere around the world.

**2004** The RX-8 debuted as a four-passenger sports car, based upon a redesigned rotary engine. The Renesis engine featured a new side exhaust port design and a variable intake system with better fuel economy and emissions than previous rotary engines. Manual transmission models featured a 238 horsepower six-port high power version of the Renesis, while automatics included a 197 horsepower four-port standard power version. Sport, Touring and Grand Touring trim packages were available.

**2005** Shinka special edition featured black cherry body color and parchment tan leather interior. Headlights and taillights included semi-gloss bezels. Unique dark-silver gloss 18 inch aluminum wheels and Sirius satellite radio were standard. Only 2,150 Shinka editions are planned for production.

# 8 VEHICLE ID NUMBERS / ABBREVIATIONS

## RX7 Chassis Number ID

Model Year	Production Date			Serial Number		
1979	3/78	thru	6/79	500001	-	568500
1980	6/79	thru	9/80	568501	-	650000
1981	7/80	thru	5/81	500001	-	600000
1982	5/81	thru	6/82	600001	-	700000
1983	7/82	thru	10/83	700001	-	800000
1984	9/83	thru	7/84	800001	-	850000
1985	7/84	thru	5/85	850001	-	899999
1986	8/85	thru	6/86	100001	-	200000
1987	6/86	thru	7/87	500001	-	600000
1988	7/87	thru	12/88	600001	-	700000
1989	12/88	thru	12/89	700001	-	800000
1990	12/89	thru	11/90	800001	-	900000
1991	8/90	thru	7/91	900001	-	950000
1993	12/91	thru	8/93	200001	-	300000
1994	8/93	thru	7/94	300001	-	310000
1995	7/94	thru	1/96	400001	-	500000

Black Dragon Automotive refers to RX7's by the model year instead of the production date. This is due to some of the cars being a *model* of one year but actually having been *produced* the year before. For example, the 1981 RX7 has a Model Year of 1981, but the production actually *began* in July of 1980. We have compiled this list of Vehicle ID Numbers to help you order the correct replacement and restoration parts for your RX7. Always refer to it ... We do!

Although we make references to 1992 RX7's in this catalog, Mazda did not produce an RX7 in 1992. Sales of the 1991 model carried over into 1992 until all models were sold. As always, check your VIN for production dates before ordering.

## Glossary Of Terms & Abbreviations

To Make Your Ordering Easier Here Is A List Of The Terms And Abbreviations Used Throughout This Catalog

<b>12A</b>	RX7's With Carburetor
<b>13B</b>	RX7's With Fuel Injector

## Body Parts

RX7 1979-85

**Loctite Rubberized Undercoating - See Page 44**

Replacement body panels are quality steel replacement parts that are made overseas. Having been shipped half way around the world by ship and then by truck, there will most likely be a few scratches or small dents; this cannot be helped and should be expected. A small amount of repair may be required. All body panels are packaged and handled with great care.

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
99-140	(1)	HEADER PANEL RX7	79-85 (1)	112.44	89.95
99-010	(2)	FRONT BUMPER COVER RX7	81-85 (1)	787.44	629.95

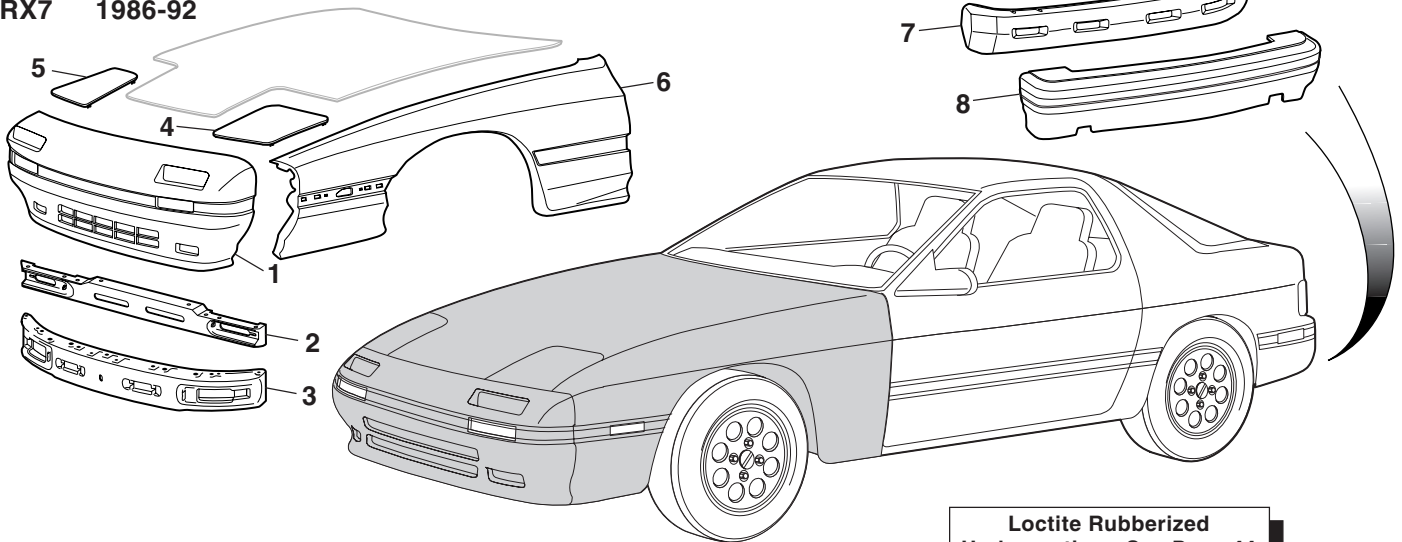

All items on this page will fit both turbo and non-turbo models unless otherwise indicated on the description line.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$100.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.

## 4 Point Safety Harness & Accessories

Four Point competition Safety Harness with quick release turnbuckle, includes 3" wide shoulder straps that are fully adjustable to fit any application. Plus a 2" adjustable lap belt with double thick lap pad for added comfort. High visibility red anti-fray pebble finish webbing. Pin locking snaphooks and eyebolts included. Can be installed as an addition or as an alternative to an existing seat belt. All hardware has 7/16" - 20 threads.

Add a two point crotch strap for extra safety.

Additional mounting points require reinforcement plates welded to the car. Meets FIA/98 requirements for race cars.

## Buckle Up For Safety With This Seat Belt Kit

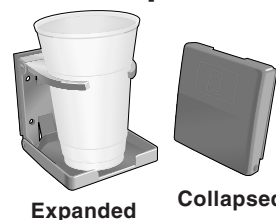

Six-foot long lap belts include standard installation hardware, so even if you don't have seat belts now, this is the kit for you. Designed with a quick release push-button buckle and constructed of OE

quality herringbone webbing to ensure the safety of you and your passengers. Seat belts are easy to install so you can do it yourself. Seat belts are priced each. Federal regulations require seat belts in all cars manufactured after January 1968.

## Expandable & Collapsible Cup Holder

This cup holder is made of black, grained plastic to match any interior. It adjusts to hold up to a 3-1/2" diameter can, cup or mug. And when not in use it folds to 3/4" thin! Mounts with screws through carpet, so that it does not leave marks if removed for shows. Quit spilling on your car seats and on your pants! A great modern convenience for your vintage car at an affordable price.

## Molded Carpet Kits ... Fit & Look Like Original

**RX7 1979-92**

Complete Molded Carpet Kit replaces all interior carpets. Cut pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad.

The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Molded Carpet Kits do not include pre-cut holes.

### Insulation Material

This 1/4" thick synthetic Insulation Material is similar to the insulation used in today's cars. It also makes a great sound deadening material when used underneath rubber floor mats or wherever your car needs extra insulation.

PART	DESCRIPTION AND APPLICATION				LIST	SELL
81-097	INSULATION MATERIAL	3FT x 6FT ROLL	CUT TO FIT		16.19	12.95

## Multi-Purpose Heat & Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat.

Works great under the hood, under your carpet or rubber mat, above headliners, behind door panels, on the firewall and behind the seat. This Multi-Purpose Insulation has numerous household uses. Save on your gas and electric bills by insulating your water heater, pipes, garage doors and attic. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Order both today!

Use #70-384 Super Adhesive or #70-388 Spray Adhesive and #70-396 Aluminum Tape to easily install Insulation Material.

## Sound Control Mat ... Hear & Feel The Difference

Sound Control Mat is scientifically designed to absorb and dissipate vibration created from the engine, road and structure of your vehicle to dramatically reduce noise. Cover as little as 25% of the area for a noticeable reduction in noise; increase coverage for even more noise control. Works best when applied in the following order: outer door skins, floor pans, firewall, behind dash, rear panels and roof. Just peel and stick; easy to cut and bend the 1.5mm thick sheet to conform to contoured surfaces and shapes with no preparation needed. For maximum noise reduction use with the Multi-Purpose Heat & Sound Insulation sold above.

## Seat Heater Kits ... Warm Yourself Up Before Your Car Warms Up

3 Year/36,000 Mile Warranty

Seat Heaters are constructed with patented carbon fiber heating elements. Carbon fiber technology allows for quick, consistent and controlled warmth. The heating elements are paper thin and install between any seat cover material and the seat cushion. They are water-resistant and are not affected by damp clothes, spilled beverages or wet pets. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and easy-to-follow, fully illustrated instructions.

#84-599 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

Order two Seat Heater Kits to ensure maximum comfort for the driver's and passenger's seats.

## ColorBond... Now You Can Be Sure All Your Interior Colors Match

The unique chemical proprietary process will form a molecular bond in 45 seconds and allow you to create an OE finish. No mixing! Simply sprays on to penetrate the surface and permanently bonds and seals in color. Dries to the touch in 45 seconds and forms a complete bond in 10 minutes. UV stable and color fast ... you can change or match the color of your interior without the worry of future cracking, fading, flaking or peeling.

ColorBond is not paint, but a revolutionary new compound that changes your surface color permanently.

PART	DESCRIPTION AND APPLICATION	LIST	SELL
81-170	COLORBOND-BLACK 12 OUNCE CAN	16.19	12.95
81-172	COLORBOND-BLUE 12 OUNCE CAN	16.19	12.95

81-198	COLORBOND FLAT CLEAR COAT 12 OUNCE CAN	16.19	12.95

**ColorBond Adhesion Promoter** allows the use of ColorBond on materials such as Aluminum, Chrome, Corian, Galvanized Steel, Glass, Magnesium, Stainless Steel, Tile and Ceramics.

81-196	COLORBOND-ADHESION PROMOTOR 12 OUNCE CAN	16.19	12.95
--------	--	-------	-------

ColorBond is so effective that it is OEM approved and several major car and boat manufacturers use it for repair and replacement. ColorBond has a Semi-gloss finish. Perfect for Vinyl, Leather, ABS Plastic, PVC, Polyurethane, Polycarbonate, Polypropylene, Acrylic, Lexan, Fiberglass and recycled Plastics. The original grain pattern is never altered or hidden; no matter how many times ColorBond is applied, the grain pattern is still clearly visible. It will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface. Each 12 ounce can covers 8 to 10 square feet.

Because ColorBond becomes part of the surface it is applied to, any flaking or cracked original paint must be removed to enable ColorBond to penetrate and bond to a clean, stable surface. It is also essential to thoroughly treat/clean with ColorBond Prep/Cleaner to remove any build-up of dirt, grease or chemicals.

If you are uncertain what type of material you are applying ColorBond to, test a small section in an inconspicuous location first. ColorBond will not cover or repair cracked or torn material.

**For Color Swatches - See Page 91**

## Gauges Give You Function, Quality &amp; Style

Auto Meter Gauges offer the quality, precision and style you won't find anywhere else. Monitor your engine's vital functions with the accuracy only Auto Meter Gauges can provide.

Used by professional racers for their unmatched quality and reliability. Gauges include instructions, hardware, wiring, senders and fittings. Choose the best; choose Auto Meter.

## Monster 5" Tachometer

This is the legendary five-inch Monster Tachometer for street use from Auto Meter. The Shift-Lite signals the driver at each pre-selected shift point with a bright amber light for grabbing the perfect gear. This tough tachometer is resistant to vibration and features Auto Meter's high-tech air core movement for serious accuracy.

## Car Covers Protect Your Car's Finish

Every weekend you spend precious time and money going to the car wash when you should be out there driving around in that awesome car of yours. So keep the change in your pocket, your hands on the wheel and buy a Car Cover! Every seam is double stitched for durability. Neoprene elastic is sewn into the front and rear hems to ensure a snug fit. Every cover comes equipped with reinforced non-scratch plastic grommets and a nylon rope tie down. Made in America from quality "breathable" fabrics. Your choice of Custom Fit Polycotton or Ready Fit Spun-Bond, Multibond or Technalon.

## Polycotton

Polycotton - the only car cover we offer with 35% cotton for breathable softness on your fine paint finish plus 65% polyester which provides sun fade resistance. The fabric breathes, which allows condensation that forms under the cover to evaporate through the fabric rather than damage the paint.

## Technalon

The most rain resistant "breathable" car cover available. 100% acid rain repellent. Moisture under cover evaporates because air passes through the fabric, preventing paint damage. No matter what the temperature, Technalon stays soft, pliable and non-abrasive, making it easy to put on and take off. Technalon's four layer construction, Polypropylene Evolution 4 fabric from Kimberly-Clark, protects it from tearing and stretching when wet or dry. Hand wash in warm soapy water and dry flat or hang dry. Do not use washer or dryer.

## Custom Fit Polycotton - Precisely cut to fit your RX7.

PART	DESCRIPTION AND APPLICATION		REQD	LIST	SELL
82-130	CAR COVER-CUSTOM FIT	RX7	79-85 (1)	199.94	159.95
82-133	CAR COVER-CUSTOM FIT	RX7	"A" 86-92 (1)	237.44	189.95
82-131	CAR COVER-CUSTOM FIT	RX7 CPE	86-92 (1)	199.94	159.95

Note: "A" For models equipped with rear spoiler.

## Spun-Bond

Spun-bonded Polypropylene protects your car's finish from sun, rain, dirt and dust. Spun-bonded Polypropylene is a breathable, water repellent and UV treated fabric. This durable semi-custom car cover is constructed with double stitched seams and has an elasticized hem in the front and rear of the cover. Corrosion free, non-scratch, reinforced tie-down grommets on each side of cover. Soft abrasion-resistant material.

## Multibond

The economical way to protect your car. The light weight 3-layer polypropylene gray fabric is naturally moisture resistant and treated for UV resistance. It is breathable to allow moisture and condensation to evaporate and dries quickly so your car cover won't rot or mildew. Multibond cover is soft, nonabrasive and won't shrink or stretch. Compact for easy handling and storage.

## California Water Blade

The California Water Blade is an easy-to-use car care product that removes 90% of standing water on any vehicle surface without scratching or streaking. It is made of medical grade silicone and completely removes water in one-third the time of a sponge or squeegee. The Water Blade's patented "T-bar" edge causes 15 times less friction than a terrycloth towel and will not retain dirt or other material that can scratch your car. The Water Blade removes water with a single stroke, even on contoured surfaces, something which no other product on the market can do.

81-524	CALIFORNIA WATER BLADE			31.19	24.95
--------	------------------------	--	--	-------	-------

## California Car &amp; Dash Duster

82-295

82-296

Removes dust and surface dirt with a quick once-over. The dirtier the duster gets, the better it works. In a matter of seconds vehicles look as if they were just washed. Regular use can reduce the number of washings required, saving you time and money, as well as water. They are made of 100% cotton heads with a special baked on wax treatment. The Car Duster features a deluxe wood grain handle and comes with a handy carrying case. The Dash Duster has a comfortable sturdy plastic handle and works as well around the house as it does in your car.

## Sunroof "Windgard" Keeps Out Unpleasant Wind & Noise

Complete freedom from the uncomfortable wind noise and buffeting of an open sunroof is provided by Windgard. The modern aerodynamic design forces moving air over the sunroof opening. This allows sunroof use in all weather conditions. The unique mounting system installs in seconds without tools, drilling or hardware and provides a seal around the edge of the Windgard, eliminating water from entering the interior. Windgards are a must for all sunroof equipped vehicles, so order yours today.

## Protect Yourself Against Tickets With The Eliminator

What You See Directly Behind

What Photo Radar Sees

The Eliminator distorts the view of the license plate at angles commonly used by photo radar cameras. If they can't see your license plate then they can't send you a ticket in the mail.

The Eliminator is made using the latest in lenticular plastics and a special lens, which has the optical properties of turning translucent from side angles, above and below. This obscures the plate numbers from the camera but still allows a clear view from directly behind. The lens is laminated to a polycarbonate plastic guaranteed not to embrittle or yellow with age.

## BOSCH Super Spark Plugs ... For Better Mileage & Longer Life

In 1911 Ray Harroun used BOSCH spark plugs in his Marmon Wasp to win the first Indianapolis 500 race. This winning tradition continues now in the modern era, as BOSCH has won 18 consecutive Indy 500 races.

Heavy-duty copper core electrode operates hotter at lower speeds to prevent fouling and colder at higher speeds to prevent pre-ignition. Heavy duty to prevent premature erosion and corrosion. The Pyranit Insulator has a 5-rib

current leakage barrier to prevent voltage loss and withstand combustion tortures. 95% Aluminum Oxide for extra strength. Super Plugs feature a nickel-plated plug shell that fights corrosion and erosion. No need to lubricate threads for installation. The heavy-duty ground electrode withstands both corrosion and high combustion temperatures.

## CRANE Premium Street Coils

Crane's Premium Street Coils have 20-50% higher energy at the spark than typical stock coils. They produce a larger flame front and faster flame propagation for greater combustion efficiency and increased horsepower and torque. High-intensity performance coil windings and an oil-filled case give improved starting, high reliability, better throttle response and reduced spark plug fouling. Includes external ballast resistor.

Available in black or nickel-plated chrome finish.

## BOSCH Super Coils - Reliable Power That Will Get You Started

All BOSCH Super Coils offer reliable ignition even under the coldest starting conditions. Coils are oil filled for insulation and heat dissipation. Each coil has a high power reserve for optimum smooth performance. Super "Blue" Coil is for 12 volt systems without external resistors. Super "Red" Coil is for 12 volt systems with 1.4 to 1.8 ohm external resistors. Super Coils cannot be used on electronic ignitions.

80-103	BOSCH SUPER "BLUE" COIL	RX7	79 (2)	49.94	39.95

## BOSCH Spark Plug Gapping Tool

The BOSCH Gapping Tool has been specially developed to aid in adjusting all spark plugs including platinum. The tool allows you to measure the depth of the electrode on platinum plugs. It also includes a bending lever for enlarging the electrode gap on all plugs and measuring wires for the electrode gap on all plugs. Accurate gapping is necessary for achieving proper performance. Failure to correctly gap your

spark plugs may lead to any combination of the following: Insulator damage, electrode and insulator fouling, insufficient combustion of fuel and air mixture or damage to secondary ignition circuit.

## Filtercharger Kit

The K&N Filtercharger Injection Performance Kit dramatically reduces intake restriction as it smoothes and straightens air flow. This allows your vehicle's engine to inhale a larger volume of air than the OE air filter assembly. More air means more usable power and torque throughout the engine's rpm range. Designed to replace the original air filter case without jeopardizing important emission standards. Replacing the OE factory air cleaner assembly with a precision engineered K&N one will provide fully maximized air flow potential, creating an instant throttle response to please any performance enthusiast. You get better acceleration, instant power and ease in lane changing and passing.

## Remote Control Alarm ... Security With The Touch Of A Button

Now you can secure your vehicle with the touch of a button with the Gorilla Remote Control Alarm. This alarm protects your vehicle by detecting breaking glass, blunt force to the vehicle, towing and any voltage drop in electrical system. When activated, the 120dB piezo siren will sound for 60 seconds before stopping and rearming itself. With the "Warn Away" feature activated, a disturbance will give a warning sound prior to activating the full alarm. If the disturbance occurs three times the alarm will fully activate itself. This feature is beneficial where nonthreatening circumstances may trigger the alarm. (e.g. pets jumping on vehicle.)

The Remote Control Alarm has a panic feature which allows the transmitter to activate the alarm's siren from up to 100 feet away in case of an emergency. Also included with the Remote Control Alarm are two window decals. These decals are an effective deterrent to vehicle theft and can stop theft or damage to your vehicle before it happens. This alarm is designed for simple installation. In most situations installation takes less than 20 minutes and can be done with simple hand tools. No cutting, drilling or complicated wiring is required for installation. It features a Direct-to-Battery™ 2-wire installation outlined in easy to understand, fully illustrated instructions.

### Remote Control Alarm Features:

- Remote Transmitter
- Multi-Function Alarm
- 120dB Piezo Siren
- Adjustable Shock Sensor
- Current Sensor with two Optional Delays
- "Warn Away" Mode
- Remote Panic Feature
- 500,000+ Possible Code Combinations

## Heavy-Duty Headlight Harness

Upgrade your headlight's wiring harness for maximum light output with this Heavy-Duty Headlight Harness. If you are adding brighter bulbs or upgrading to high power halogen lights, then you need to improve your wiring to take full advantage of the extra light output.

This Headlight Harness draws power directly from your battery, whereas your original wiring draws its power from your headlight switch. This harness takes the load of switching the high current needs of upgraded headlights from your old factory switch. Not only does this prevent excessive wear on the switch, it will lessen the chance of your wires melting or catching fire. This Heavy-Duty Harness is complete with separate relays for low and high beams and features OE-style headlight sockets for easy installation with no splicing or cutting required. Order yours today!

## Euro Crystal Clear Headlights ... For A Brighter Light

The Euro style headlight is a brighter light focused on the road for a greater distance. Maximum light output is produced from the state-of-the-art reflector in combination with a strong semi-hardened crystal clear glass lens, which does not diffuse the light associated with traditional headlights. Includes a high-efficiency white halogen 12V 60/55 watt replaceable bulb. Light is DOT and SAE approved.

This OE-quality headlight has an aluminum die-cast housing with a protective finish coating, which makes the housing corrosion free.

For added style, replace the white H4 halogen bulb with a halogen H4 blue-coated bulb #72-031. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; order yours today.

Upgrade your headlight's wiring harness for maximum light output with a Heavy-Duty Headlight Harness. If you are adding brighter bulbs or upgrading to high power halogen lights, then you need to improve your wiring to take full advantage of the extra light output. For more information, see **page 42**.

**Loctite Ready Gasket** makes leak-proof gaskets for temperatures from -75°F to 450°F in an instant. Blowout resistant, sensor-safe and outperforms pre-cut gaskets. Ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more. Available in a 4 ounce can.

70-358	READY GASKET-4 OZ CAN	16.19	12.95
--------	-----------------------	-------	-------

**Loctite Viper Lube** is a high performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications. Available in a 10.1 ounce aerosol can.

70-359	SYNTHETIC GREASE	6.19	4.95
--------	------------------	------	------

**Loctite Spray Adhesive** dries clear with superior bonding strength. Unique formula resists water and humidity. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Available in a 10.5 ounce aerosol can.

70-388	SPRAY ADHESIVE	8.69	6.95
--------	----------------	------	------

**Loctite Rubberized Undercoating** is a professional blend undercoating that seals, protects and insulates frames, body panels, wheel wells and more. Available in a 16 ounce aerosol.

70-357	RUBBERIZED UNDERCOATING	4.94	3.95
--------	-------------------------	------	------

**Loctite Threadlocker** locks and seals nuts and washers while preventing parts from loosening due to vibration. Protects threads from corrosion. Available in a 6 ml tube.

70-366	THREADLOCKER-6 ML TUBE	8.69	6.95
--------	------------------------	------	------

**Loctite Super Weatherstrip Adhesive** is fast drying, high strength, waterproof and is great for bonding all types of truck parts. Dries black. Available in a 5 ounce tube.

70-384	SUPER ADHESIVE-BLACK	7.44	5.95
--------	----------------------	------	------

**Loctite Copper Anti-Seize Stick** provides a shield against high temperature seizing and galling of any stud, bolt, flange or other fasteners up to 1800°F. Perfect for spark plug threads in aluminum head applications, exhaust manifold bolts, thermostat housing bolts, brake pad backing plates, oxygen sensors and other mated parts. Available in a 20 gram stick.

70-356	COPPER ANTI-SEIZE STICK	7.44	5.95
--------	-------------------------	------	------

**Loctite Pipe Sealant** locks and seals threaded fittings and resists leakage, vibration loosening, moisture and hydraulic fluids. Lubricates threads for easy assembly and disassembly. Available in a 6 ml tube.

70-367	PIPE SEALANT-6 ML TUBE	6.19	4.95
--------	------------------------	------	------

**Loctite Dielectric Grease** increases performance and extends the useful life of bulbs, lamps and other electrical components by protecting them from moisture, salt, dirt and corrosion. Eliminates voltage leaks and arcing. Also prevents spark plugs from fusing to boots. Required for modern high-energy ignition systems. Lubricating properties ease in disassembly process. Protects rubbers, plastics, ceramics and metal surfaces. Use on any and all bulbs in your truck, as well as fuses, battery terminals, ignition components and other electrical connections.

70-363	DIELECTRIC GREASE .33 OZ	6.19	4.95
--------	--------------------------	------	------

**Loctite Windshield and Glass Sealant** is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals. Available in a 1.35 ounce tube.

70-355	SILICONE SEALANT	4.94	3.95
--------	------------------	------	------

**Vinyl Edge Sealer Pen** can be used on all vinyl decals/graphics that will be exposed to the elements. The pen is filled with .3 ounces of ultraviolet light blocking, fast-drying, clear acrylic sealer. It features a wedge applicator tip for a smooth, even application and includes a replacement tip so that it can be used over and over. It will also protect edges from damage caused by physical contact such as polishing/waxing and washing.

70-354	VINYL SEALER PEN .3 OZ	16.19	12.95

## 12 Circuit Fuse Center Connects To Your Existing Wiring

Now a quality 12 circuit pre-wired fuse block is available for connection to your existing vehicle wiring or for use as a starting point for custom wiring. This factory assembled and completely terminated fuse block includes wiring provisions for:

- Air Conditioning/Heat
- Brake Lights
- Coil (anti-theft feature)
- Dome Light
- Electric Fan
- Emergency Flasher
- Gauges/Dash Instruments
- Headlights
- Horn
- Radio (ignition hot)
- Turn Signals
- Wipers

Features blade-type fuses, flasher, horn relay and a large selection of terminal ends are included. Compact size for ease of mounting; measures just 4-1/2" x 5". It also has an anti-theft feature that allows you to simply remove the coil wire fuse from the fuse block to deter vehicle theft. Easy-to-follow instructions are included. Order yours today.

## Supercharger Plus Battery Charger ... Advanced, Fully Automatic Charger

"Switch mode" technology enables this compact, 11-ounce powerhouse to perform charging functions faster and more efficiently than larger transformer-type chargers. Can be plugged in for days, weeks, months or even years and will not overcharge your

battery. Built-in circuitry protects against reverse polarity, short circuit and A/C surge. The Supercharger Plus has a 12V, 3 amp constant current that will maintain full charge without harming any type of 12V battery. The Supercharger Plus will charge a totally flat 12V battery in under 4.5 hours and can be permanently connected to the battery with the included fused wire harness for easier charge connection. It also has a life span rate of 30,000 plus power-on hours and an automatic cut-off and true float function. The Supercharger Plus electronically monitors battery voltage and shuts off when the voltage reading indicates that the battery is fully charged and then converts to "True Float Mode" to maintain a fully charged battery.

## Under Hood Lamp Kit

This Under Hood Lamp Kit adapts to any 12 volt car and helps illuminate your engine bay. Necessary installation hardware is included with lamp. No need for wiring to a switch, bulb socket base is gravity activated, lamp comes on when the hood is raised

and goes out when lowered. Mount underneath hood and connect lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for your protection.

**Installation Tip:** Since all hoods and mounting locations are different, a slight adjustment to the mounting bracket may be needed to assure the light goes out when the hood is closed. After the mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

72-213	REPLACEMENT BULB	(1)	1.19	.95

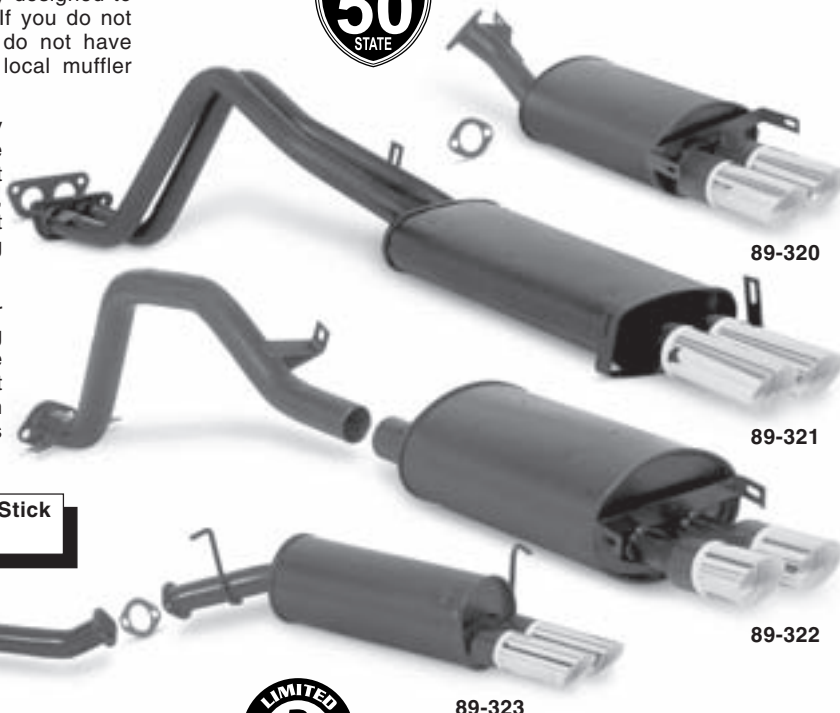

## Exhaust System Adds Performance

The Monza Exhaust System is specially designed to bolt in place. No need to cut or weld. If you do not want to install it yourself or you just do not have time, you can always take it to your local muffler shop and let them do the work for you.

The performance of your engine is directly effected by exhaust gas flow. If exhaust flow is inhibited, the engine will drag, decreasing total horsepower. Monza Exhaust Systems virtually eliminate exhaust back pressure, increasing engine performance. Monza Exhaust Systems improve your car's gas mileage and running condition because of added engine capability.

Each unit keeps your car running smoother and cooler by having the correct combination of pipe diameters along with a nonrestrictive expansion chamber. It is one of the best performing, best sounding and most stylish exhaust systems available. Each exhaust system is finished in a black paint. All necessary mounting brackets, flanges and installation instructions are included.

## Exhaust Headers Increase Horsepower

Monza Exhaust Headers have hours of design and testing time to produce the most efficient exhaust header for the streets.

Exhaust headers have incorporated the most advanced design techniques where possible to ensure you receive maximum performance from your header.

- Each header is manufactured using 16 gauge, 2" mandrel bent, mild steel tubing and surface ground thick steel flanges.
- Available with a black painted finish or Armor Coat, a high-temp metallic-ceramic coating. The Armor Coating won't discolor like paint, chrome or dull finish coatings, reduces underhood temperatures, resists corrosion and is easy to keep clean.
- These exhaust headers are manufactured in the USA and are an excellent value for the money.
- All Monza Headers come with gaskets and illustrated instructions.

Headers may require an additional fitting effort to install, such as grinding or bending. Specialty shops that deal with exhaust installation might be considered.

**TOKICO****RX8 D-Spec Shock & Strut Set ... Infinitely Variable**

D-Spec shocks are the latest innovation in shock absorber technology from Tokico. D-Spec shocks feature an infinitely adjustable range between the hard and soft settings.

The wide range of adjustability is accomplished by using a sophisticated piston and valving design, combined with a unique variable-aperture bypass controlled by an adjustable slide valve.

Adjusting the D-Spec dampers changes compression and rebound characteristics simultaneously so you can customize the ride of your vehicle from street to all out race. D-Spec shocks and struts are sold in sets of four. Each set includes a manual on how to adjust the D-Spec as well as various suspension tuning tips.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
85-565	D-SPEC SHOCK/STRUT SET RX8	04-05 (1)	874.94	699.95

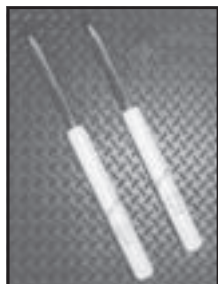

**TOKICO**

## Shock Absorbers ... Leading The Way In Gas Shock Absorber Innovation

With over 50 years in manufacturing high-performance suspension products, TOKICO remains on the cutting edge of technology and a leader in gas shock innovation. TOKICO's Research & Development and Quality Control departments are progressing toward the next generation of suspension components and maintain consistent quality to parallel each advancement in their expanding technology.

Properly designed suspension components not only have to ensure that tires maintain optimum contact with the road surface, they must perform in conjunction with the increasingly advanced technology found in the vehicles themselves.

### Illumina Adjustable Shocks & Struts Put Ride Control in Your Hands

Illumina adjustable shocks and struts have five positions with external adjustment. You can change both rebound and compression damping simultaneously. It allows you to change balance, overall handling or ride quality with the turn of a screwdriver. With an easy-to-read dial you can see at a glance what position the shocks are set in.

#### Front Gas Strut & Shock Absorber

85-510	ILLUMINA FRONT STRUT	RX7	81-85 (2)	199.94	159.95
85-511	ILLUMINA FRONT STRUT-LH	RX7 "A"	86-92 (1)	224.94	179.95
85-512	ILLUMINA FRONT STRUT-RH	RX7 "A"	86-92 (1)	224.94	179.95
85-513	ILLUMINA FRONT SHOCK-LH	RX7	93-95 (1)	187.44	149.95
85-514	ILLUMINA FRONT SHOCK-RH	RX7	93-95 (1)	187.44	149.95

#### Rear Gas Shock Absorber

85-540	ILLUMINA REAR SHOCK	RX7	79-85 (2)	162.44	129.95
85-541	ILLUMINA REAR SHOCK	RX7 "A"	86-92 (2)	174.94	139.95
85-542	ILLUMINA REAR SHOCK	RX7	93-95 (2)	174.94	139.95

Note: "A" Shock/strut actuators need to be removed on models with electronically adjustable suspension. Adjustment is manual.

To obtain proper handling and response, a shock absorber must work in two phases, rebound and compression. TOKICO's shock design provides the exact amount of damping required to eliminate the "bounce" associated with insufficient rebound. During compression, sudden changes in direction or bumps from uneven surfaces are absorbed, protecting the suspension from "bottoming out," without too stiff a ride.

### Limited Lifetime Warranty

### Gas Shock Absorbers ... Twin-Tube State-Of-The-Art Ride Quality

TOKICO has taken these two principles and engineered a twin tube, gas pressurized design with a true, state-of-the-art ride quality. The result is a technologically advanced design that will improve handling, provide quiet operation and be more durable than the standard replacement shock.

TOKICO's twin tube design is engineered with two big advantages over ordinary monotube shock absorbers; low pressure and flexible valving. The blending of these two advantages creates impressive ride quality that doesn't sacrifice vehicle control.

#### Front Gas Strut Cartridge

85-411	TOKICO GAS STRUT CARTRIDGE	RX7	81-85 (2)	93.69	74.95

85-441	TOKICO GAS SHOCK-REAR	RX7 "A"	86-92 (2)	99.94	79.95

Note: "A" Shock/strut actuators need to be removed on models with electronically adjustable suspension. Shocks are nonadjustable.

## KYB® Shock Absorbers ... Driving Control, Even Ride & Performance Handling

You expect the best handling and response from your car's shocks as you can get. Replace worn shocks or struts with KYB Gas Shocks or KYB Gas Strut Cartridges for better than original handling.

### KYB AGX Adjustable Gas Shock Absorbers

Built with the advanced engineering and exceptional quality you would expect from KYB, AGX lets you tune your shocks to match driving conditions in seconds. No need to lift the car or remove anything to change settings. Damping rate is selected with a screwdriver slot at the top of the piston rod on the front shocks and an external knob on the shock body for the rear shocks.

62-950

The single dampening adjustment on the AGX Shock changes both the rebound and compression strokes. Front shocks have four stages of adjustment; rear shocks have eight stages of adjustment. In addition to the manually adjustable settings, AGX features three stage, real-time, auto-adjusting damping.

62-952

When driving on smooth surfaces, shock movements are relatively slow and the AGX valving allows the shock to travel freely. As road conditions get rougher, the shock is compressed faster. AGX responds instantly to make response firmer, maintaining tire contact and vehicle control. This three stage valve action allows AGX Shocks to adjust to the road conditions automatically.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
62-950	KYB AGX GAS STRUT-FRONT-LH RX7 "A"	86-92 (1)	224.94	179.95

62-952	KYB AGX GAS STRUT-REAR RX7 "A"	86-92 (2)	174.94	139.95

Note: "A" Shock/strut actuators need to be removed on models with electronically adjustable suspension. Adjustment is manual.

### Strut Boot With Integrated Bump Stop

KYB Strut Boot and bump stops are bonded together forming a tightly sealed integral unit. Bottom collar of boot attaches to top of strut body, sealing piston rod from dust and moisture. Designed to fit all strut and shock types.

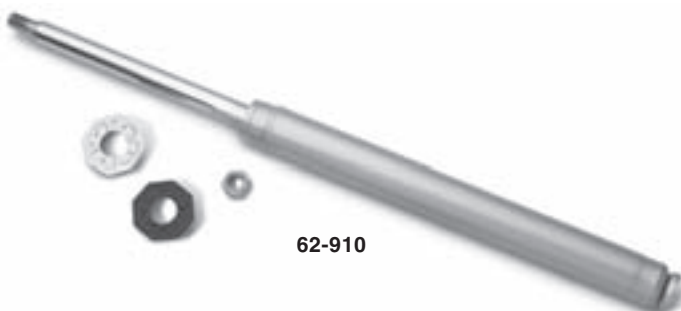

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
62-927	KYB STRUT BOOT W/BUMPER-FRONT RX7	81-92 (2)	24.94	19.95
62-928	KYB STRUT BOOT W/BUMPER-REAR RX7	86-92 (2)	24.94	19.95

They offer a relaxing, satin-smooth ride and better performance than the struts that originally came with your car ... in fact most Japanese car manufacturers are now using KYB as OE shocks on their new models.

KYB Shocks are the economical way to give your car the handling and response only gas shocks can provide, at the right price. Order yours now!

**Gas-A-Just Shock Absorbers:** Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

**GR-2 Gas Shock Absorbers:** Features low pressure for riding comfort with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

# 50 SPEED BLEEDER / PERFORMANCE SUSPENSION

**Speed Bleeder ... Bleeding Your Brakes Has Never Been Easier !**

64-871

64-879

The Speed Bleeder Bag is environmentally friendly and catches your old brake fluid for a no-spill, no-mess operation.

Speed Bleeder Valves replace the original bleeder valve in your caliper or wheel cylinder with a spring-loaded one way ball and check valve design. The stainless steel check ball opens to allow the old fluid and air out, then closes automatically between pumps. It's a real time saver.

## Suspension Techniques Coil Spring Set-Improves Performance Handling

**Limited Lifetime Warranty**

87-820

Improves performance handling by lowering ride height and more aggressive spring rates. Developed for the enthusiast who wants improved handling and lower ride height, but not the harsh ride of a radically lowered vehicle.

Increased spring rate of 10-15% gives a responsive control. Designed to lower the vehicle, dropped just the right amount to give your car the proper stance. Lowering the center of gravity and firming up the ride provides a welcomed improvement in quick cornering and high speed brake control. Kits come in sets of four hand matched springs made from the finest alloy spring steel.

All coils are wound and individually load tested to exacting specifications. Each coil is then shot peened and sprayed with a tough gun metal gray powder coat finish.

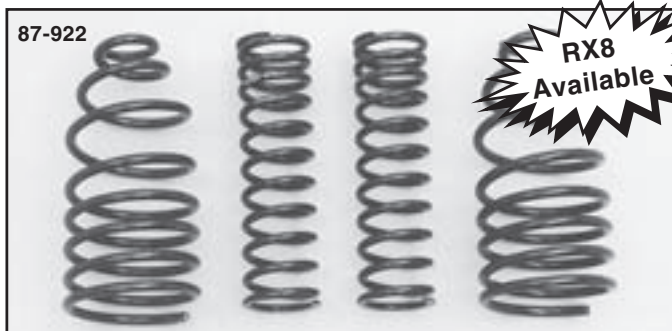

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
87-820	S/T COIL SPRING SET 1" DROP RX7	79-85 (1)	337.44	269.95
87-821	S/T COIL SPRING SET 1" DROP RX7	86-92 (1)	337.44	269.95
87-823	S/T COIL SPRING SET 1" DROP RX7	93-95 (1)	374.94	299.95

Performance Shock Absorbers should be used in combination with Performance Coil Spring Sets. An alignment is recommended after installing any major suspension components.

## Pro-Kit Springs ... Performance & Great Looks Too !

87-922

**Limited Lifetime Warranty**

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
87-920	EIBACH SPRING SET 1"/.8" RX7	79-85 (1)	499.94	399.95
87-921	EIBACH SPRING SET .8"/.8" RX7	86-92 (1)	499.94	399.95

87-923	EIBACH SPRING SET 1"/1" RX7	93-95 (1)	499.94	399.95
87-924	EIBACH SPRING SET 1.2"/.8" RX8	04-05 (1)	499.94	399.95

Pro-Kit Spring Set adds a new dimension to your car's handling without effecting ride quality. You will attack corners with confidence. Hard braking will no longer result in a nose dive toward the pavement. Eibach's unique progressive rate design ensures that you'll enjoy your highway trips as much as your performance runs.

The Eibach Pro-Kit is ideal if you are planning on installing larger diameter wheels and low profile performance tires. Eibach Pro-Kit Springs were designed to reduce the excessive wheel well gap that is caused by this. The result will be a lower, more attractive, aggressive appearance. Your car will have a larger contact patch giving you more adhesion to the road. Your original springs were not designed to control this additional adhesion which can cause excessive body roll and in some instances loss of control.

Pro-Kit Spring Sets are designed and tested by experienced SCCA and IMSA drivers. These springs are cold wound on precision equipment, heat tempered, shot peened, end ground (as required), pre-set for fatigue resistance, phosphate treated and powder coated for corrosion resistance. Finally, they are imprinted with the Eibach name along with a manufacturing code to assure Eibach quality. Now you can install the experience gained from numerous racing championship titles worldwide.

## Sway Bar Set Improves Handling

Designed to improve handling and steering response by minimizing body roll, this Anti-Sway Bar Set is the next logical step after coil springs to complete your Suspension System.

Tight bar bends, as well as properly engineered mounting hardware and the use of low deflection urethane bushings, allow the bar to work at its maximum potential. Covered with a high-quality powder coat finish. Rear Sway Bars are adjustable.

### Limited Lifetime Warranty

## Anti-Roll Kits Fine Tune Your Suspension

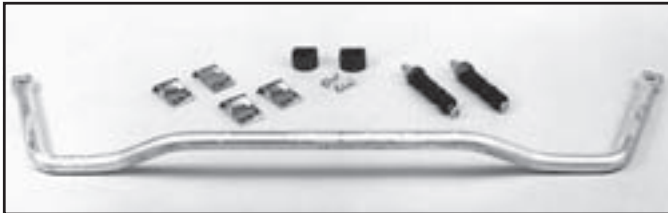

While the springs are the major tuning device for your suspension, additional roll stiffness can be achieved by using the Eibach Anti-Roll Kit. Anti-Roll Bars further reduce body roll and allow fine tuning of your RX7's suspension.

The goal is neutral, predictable handling. Eibach Anti-Roll Bars are cold formed from high strength aircraft grade steel and are carefully designed to fit your vehicle without modification.

PART	DESCRIPTION AND APPLICATION		REQD	LIST	SELL
88-921	EIBACH ANTI-ROLL KIT	"A" RX7	86-92 (1)	624.94	499.95
88-923	EIBACH ANTI-ROLL KIT	"B" RX7	93-95 (1)	624.94	499.95
88-925	EIBACH ANTI-ROLL KIT	"C" RX8	04-05 (1)	624.94	499.95

Note: "A" Front and rear size is 28.5/17mm rear adjustable.  
 "B" Front and rear size is 32/19mm tubular front, rear adjustable.  
 "C" Front and rear size is 27mm/18mm.

## Performance Sway Bars Give You Bolt-On Handling & Control ... Drive Faster Through Turns With Improved Handling

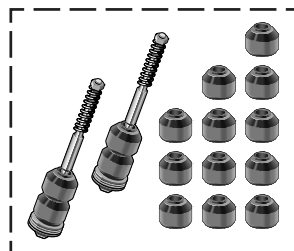

Now you stop loss of traction and dangerous body roll by giving your car the comfort, driving pleasure and safety of a luxury sports car.

PART	DESCRIPTION AND APPLICATION				REQD	LIST	SELL
Front Sway Bar							
88-110	SWAY BAR-FRONT	1-1/8"	RX7	79-85 (1)	249.94	199.95	

**Adjustable End Link Kit** comes complete with spring assortment to provide wide flexibility in adjusting sway bar action.

Can be used with most sway bars that utilize standard type end links. However, these will not fit factory sway bars.

PART	DESCRIPTION AND APPLICATION				LIST	SELL
88-157	ADJUSTABLE END LINK KIT	3-3/8"			33.69	26.95
88-158	ADJUSTABLE END LINK KIT	5"			33.69	26.95

By properly installing anti-sway bars, you can give your car the balance and stability it needs in curves, passing situations or uneven surfaces.

Performance Sway Bars are made with high torque resistant steel with forged bar ends, not welded tips. There are no metal-to-metal fittings to cause wear and noise. Now you can give your RX7 the handling performance of a top of the line "Big Bucks" model, and it costs less than the price of a new lot of tires.

### % Increase In Resistance

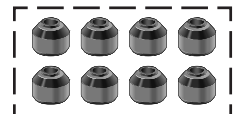

Performance Sway Bar	1-1/8"	1051%	511%	274%
1"	655%	319%	171%	
7/8"	382%	186%		
3/4"	205%			
Stock Bar	5/8"	3/4"	7/8"	

### Rear Sway Bar

88-111	SWAY BAR-REAR	3/4" RX7	79-85 (1)	224.94	179.95
--------	---------------	----------	-----------	--------	--------

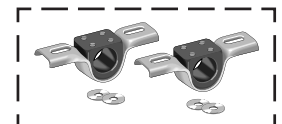

**Urethane End Link Bushings** are sold as a competition option. These non-compressing bushings allow sway bars to exert maximum control. Urethane Bushings do not collapse an inch before sway bar comes into play like standard rubber bushings.

88-150	URETHANE END LINK BUSHINGS	SET OF 8	24.94	19.95
--------	----------------------------	----------	-------	-------

**Urethane Frame Bushings** are extremely hard replacement bushings that hold sway bar mid-sections. Eliminates all bushing "give". Applicable to almost all sway bars that attach with regular rubber bushings and brackets.

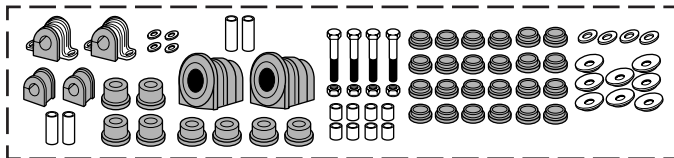

88-152	URETHANE FRAME BUSHINGS	3/4" SET OF 2	28.69	22.95
88-160	URETHANE FRAME BUSHINGS	1-1/8" SET OF 2	24.94	19.95

## Performance Polyurethane Bushing Set

RX7 1986-92

#62-459 fits 1986-92 RX7's and includes Front and Rear Control Arm Bushings, Front and Rear Sway Bar Bushings, Ball Joint and Tie Rod End Boots.

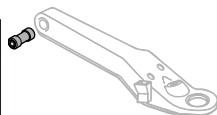

With Polyurethane Bushing Sets you can replace all of the major suspension bushings with performance polyurethane.

By installing a complete set of bushings, you will realize an incredible improvement in control no matter what demand you put on your RX7.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
62-459	POLYURETHANE BUSHING SET RX7	86-92 (1)	199.94	159.95

## Control Arm Bushing Set

RX7 1979-92

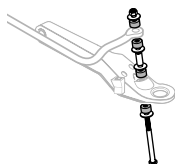

Polyurethane does not rot or deteriorate from oils or atmospheric conditions such as ozone, smog, road salt, chemicals and other corrosives. That means these Bushings will not deteriorate and cause mushy uncertain responses when driving. These components make a dramatic improvement in the way your car handles with quick response "whatever your demands." All Bushings are full floating and nonbinding. This is especially important when the ride height is altered or greater suspension load is required. Proper alignment of caster and camber is maintained by the perfect durometer of the bushing formulation.

62-443	FRONT END CONTROL ARM BUSH SET	RX7 "A"	79-85 (1)	18.69	14.95
62-412	FRONT END CONTROL ARM BUSH SET	RX7	86-92 (1)	62.44	49.95
62-413	REAR END CONTROL ARM BUSH SET	RX7	79-85 (1)	99.94	79.95
62-415	REAR END CONTROL ARM BUSH SET	RX7 "B"	86-92 (1)	18.69	14.95

Note: "A" Must reuse original casing from bushing.  
"B" Replaces outer pivot bushings only.

## Front & Rear End Link Bushing Sets

RX7 1979-88

Economy, increased efficiency and easy installation are just some of the reasons these bushing sets are purchased.

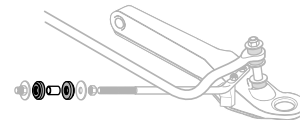

All of the hardware is made in the USA, sets being complete with zinc and gold irradiate-plated 3/8" grade 5 bolts, nylon insert lock nuts and heavy gauge washers.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
62-446	END LINK SET-FRONT/REAR RX7	79-85 (2)	24.94	19.95
62-417	END LINK BUSHING SET-FRONT/REAR RX7 "A"	86-88 (2)	23.69	18.95

Note: "A" Must reuse factory end links. Set includes new bushings, hardware and grease.

## Tension Rod Bushing Set

RX7 1979-85

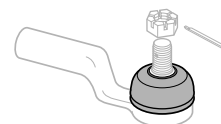

Tension Rod Bushings keep the front wheels and lower control arm from literally rolling under the car when braking. Soft rubber bushings allow the steering axis slant (caster) to change and cause failure of the lower control arm bushing. Polyurethane Bushings allow your suspension to travel throughout its full range without binding, yet are firm enough to maintain proper alignment.

62-444	TENSION ROD BUSHING SET	RX7	79-85 (1)	24.94	19.95
--------	-------------------------	-----	-----------	-------	-------

## Tie Rod Boot Set

RX7 1979-92

At last it is now possible to replace a Dust Boot without having to buy a new tie rod. These components resist damage from rocks, sand, water, road salt and oils. Each has an important five point sealing action that prevents contamination and loss of lubricants, the major cause of rod wear.

PART	DESCRIPTION AND APPLICATION		REQD	LIST	SELL
62-447	TIE ROD BOOT SET	RX7	79-85 A/R	4.94	3.95
88-759	TIE ROD BOOT SET	RX7	86-92 (1)	4.94	3.95

## Watts Link Bushing Set

RX7 1979-85

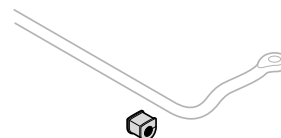

Replace the factory rubber bushings in your car's Watts linkage with Polyurethane Bushings. This will improve side-to-side axle location during cornering.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
62-418	WATTS LINK BUSHING SET RX7	79-85 (1)	43.69	34.95

## Sway Bar Frame Bushing Set

RX7 1979-92

Polyurethane Sway Bar Bushings provide one of the best improvements in your car's handling without upscaling your stabilizer bar.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL

60-350	COUNTERWEIGHT RX8 04-05	(1)	224.94	179.95
79-220	LOCK NUT-FLYWHEEL RX7 86-95	(1)	21.19	16.95
79-220	LOCK NUT-FLYWHEEL RX8 04-05	(1)	21.19	16.95

Note: "A" Counterweight #60-350 is required for installation of aluminum flywheel.

Using a lightweight, aluminum flywheel is a race proven way to improve acceleration and throttle response. For turbo cars this is an even greater advantage, allowing the turbos to kick in faster since the engine is revving more quickly!

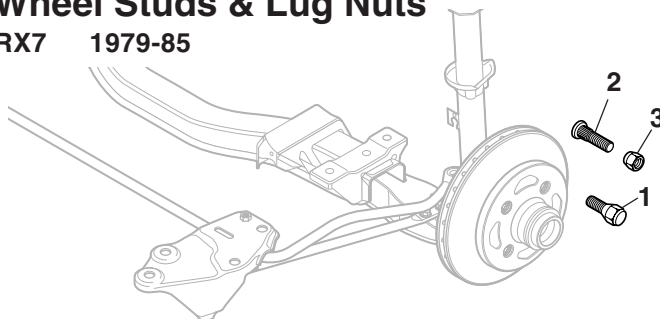

60-054

60-350

The flywheel itself is made from 6061 T6 aluminum that is CNC machined for accuracy. The replaceable friction surface is laser cut 1050 high carbon alloy steel and attached using aerospace fasteners. The ring gear is heat treated for durability and secured using grade 8 fasteners. Includes hardware to attach clutch pressure plate. Nut to attach flywheel is not included. Original nut can be reused or purchased separately. A counterweight is required when installing an aluminum flywheel.

Fumoto Engine Oil Drain Valve  
Drains Oil Easier

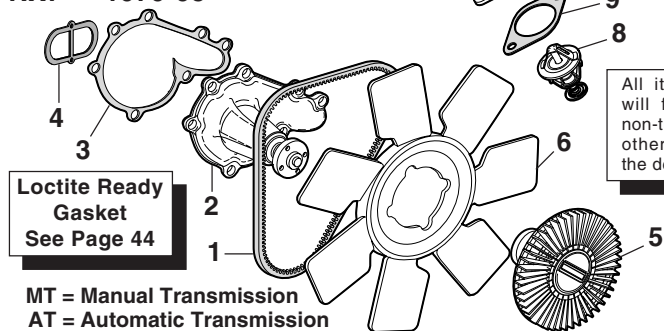

There is a better, easier way to drain your engine oil. With an Oil Drain Valve in place you can quickly drain your oil by simply lifting the lever and turning it 90°. Return the lever to its original position and the valve is closed, locked and double sealed to prevent leakage. No tools are needed, eliminating the danger of stripping threads, and it's easy to install. Replace your standard drain plug with this spring assisted ball valve. Makes oil changes quick, clean and easy, saving you valuable time. US Patented Pat# 4078763

**WATER PUMP:** A faulty water pump will make noises caused by a defective bearing or leak coolant on your driveway. Either way it needs replacing or your car will overheat. The water pump circulates the coolant through the cooling system, if the pump is bad, the coolant will not flow and the system will overheat. Order yours today!

**RADIATOR CAPS:** Pressure is a part of our everyday lives, even for our cars. Your car's radiator cap handles the amount of pressure your cooling system requires to maintain the proper coolant level that keeps your car from overheating. If your car has a faulty radiator cap then there may not be enough pressure to reach the boiling point you need for sufficient water and antifreeze mixture. Order a new radiator cap today.

## Air Conditioning Components

RX7 1979-95

The Compressor Model Number can generally be located on the side or rear of the compressor on a plate or found stamped into the compressor body. Please check your Compressor Model Number before ordering.

To maintain factory warranty when replacing A/C Compressor, Condenser and/or Evaporator, the following installation and service procedures must be met: System must be flushed to remove solid contaminants and excess moisture. Replacement of Receiver/Drier and Expansion Valve. Proper evacuation, recharge, leak and performance tests performed.

## Electric Cooling Fan Kit Keeps Your Engine Cool

54-914

54-919

54-918

54-914	COOLING FAN KIT-14"	RX7	79-92 (1)	124.94	99.95
54-919	ADJUSTABLE THERMOSTAT	RX7	79-92 (1)	31.19	24.95
54-918	QUICK RE-INSTALLATION KIT	RX7	79-92 A/R	7.44	5.95

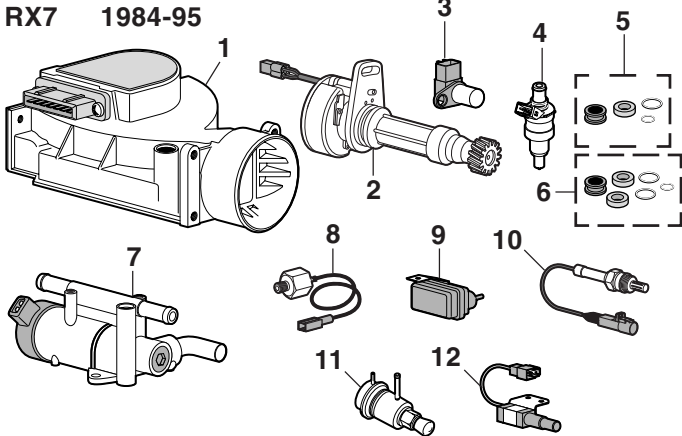

**Electric Cooling Fan** - Now you can keep your engine cool no matter what the traffic situation by buying an Electric Cooling Fan.

- Efficient 8-blade fan and high-performance motor for maximum air delivery; fan blade and shroud are constructed of glass-filled nylon for strength and durability.
- Works off the car's electrical system so it reduces engine load.
- Operates only when needed with #54-919 Adjustable Thermostat, not included.
- Includes all necessary mounting hardware and easy-to-follow instructions.

**Adjustable Thermostat** - Set fan temperature to suit your conditions. Adjustable from 32°-248°F.

**Quick Re-Installation Kit** - Gives you everything you need to reinstall the cooling fan should you ever have to remove it.

## Fuel Injection

**RX7 1984-95**

**Core Refund Information - Air Flow Meter:** A rebuildable core will have no excessive wear. No fire or water damaged cores. No disassembled cores.

**Core Refund Information - Fuel Injector:** A rebuildable core will have no external damage. No cracked, rusted, burnt or water damaged units. No broken pintles. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

## Carburetion & Fuel Pumps

**RX7 1979-95**

Most people look at carburetor repairing as if it were brain surgery. Actually, anyone can do it if they have the right repair kit. Our repair kits make the job easier so you can do it yourself for less than your mechanic would charge you to do the job. If your carburetor is acting up, get a Carburetor Repair Kit and fix it yourself for less. *Carburetor Repair Kit does not include metering needle.*

**Core Refund Information - Smog Pump:** A rebuildable core will have no excessive wear. No cracked or broken housing. Pipes in good condition and no black soot or rust inside pipes. No loose internal parts. No "Junkyard" cores. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

**Core Refund Information - Fuel Pump:** A rebuildable core will have no excessive wear. No damage due to force, fire, water or corrosion. No broken or missing terminals. No disassembled or "junkyard" cores. No converted or modified units. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

70-383	"COLORTUNE 500"	ALL MODELS (1)	87.44	69.95

## Filters

RX7 1979-95

**AIR FILTERS:** You may not think your air filter plays an important part of your engine's operation; however, dirty air filters can result in a rich mixture of fuel and air, therefore wasting expensive gasoline. This can result in a power loss and rough idle, decreasing your gas mileage. Call today! Order extras and store them away for when you need them.

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
55-010	(1)	AIR FILTER RX7 12A	79-85 (1)	12.44	9.95

55-012		AIR FILTER RX7	86-95 (1)	18.69	14.95

**OIL FILTERS:** A good oil filter will trap up to 90% of damaging dirt particles each time oil passes through it, that is why it is recommended you change your oil filter every 3,000 miles. The cleaner your oil is, the cooler your engine will run. Order a new oil filter today.

55-310	(3)	OIL FILTER RX7	79-90 (1)	6.19	4.95
55-313		OIL FILTER RX7	91-95 (1)	8.69	6.95

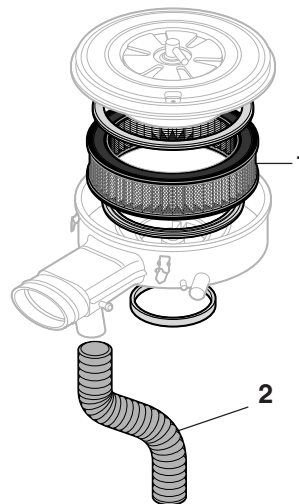

**FUEL FILTERS:** The fuel filter prevents dirt and moisture from entering the carburetor and blocking the tiny passages that could hinder your engine's performance. A clogged fuel filter will cause starting problems, stalling, backfiring and rough idling. Order today!

## 3-In-1 Clutch Kits

### Save You Time & Money

RX7 1979-95

**3-IN-1 CLUTCH KITS:** Plan ahead! Pulling an engine costs money and takes time. Replace "ALL 3" clutch pieces ... Cover, Disc, Release Bearing ... at the same time. You extend the life of your clutch system thousands of miles and save yourself the repeated hassle of replacing each piece. Think about it! A 3-In-1 Clutch Kit is priced cheaper than each piece bought individually! Buy a 3-In-1 Clutch Kit and save your time and money. Order today!

Note: "A" Fits non-turbo models only.  
"B" Fits turbo models only.  
"C" From chassis #871511-on.

**CLUTCH ALIGNMENT TOOL:** Don't waste your time and effort trying to center your clutch with your eyes. If you don't get it right, you'll end up spending a lot more time and money on future repairs. This Clutch Alignment Tool is an exact duplicate of the transmission input shaft on your car, making the job easier and more accurate. Made of injection molded plastic, the design and the materials ensure the tool is long lasting.

## Clutch Hydraulics

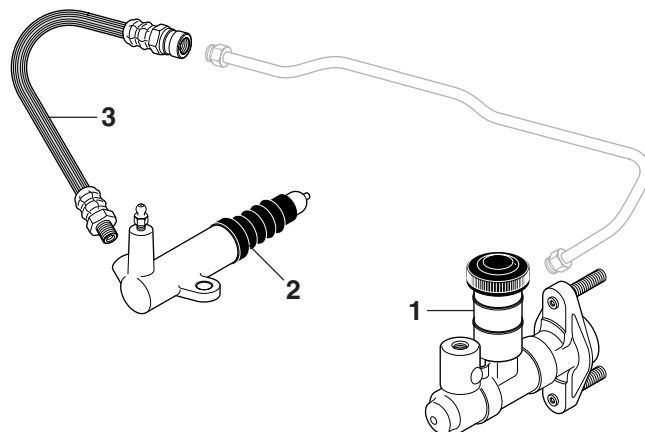

RX7 1979-95

**CLUTCH MASTER CYLINDER:** The Clutch Master Cylinder is the key to your entire clutch hydraulic system. If the master cylinder doesn't work right, your clutch won't work right. Why bother rebuilding your old cylinder, order a new one today!

63-110	(1)	CLUTCH MASTER CYLINDER RX7	79-80 (1)	49.94	39.95
63-111		CLUTCH MASTER CYLINDER RX7	81-83 (1)	49.94	39.95

## CV Axle Assembly & CV Joint Boots

**RX7 1986-95**

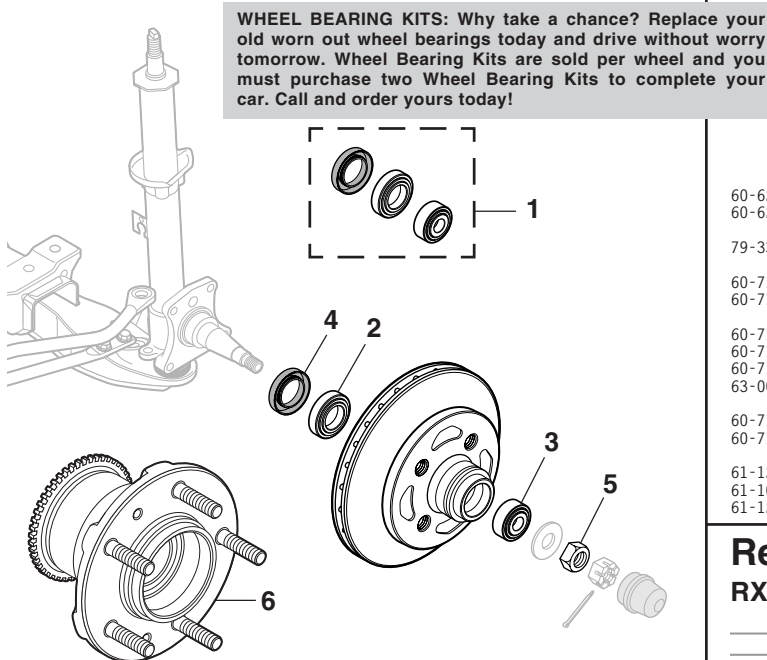

**Core Refund Information - Rear CV Axle Assembly:** A rebuildable core will have no excessive wear, no bent or broken shafts, no damaged splines or threads, and no broken, cracked or missing CV joints. No "junkyard" cores. If core does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

## Front & Rear Disc Brakes

RX7 1979-95

Remanufactured Calipers do not include brake pads. You should order new brake pads with remanufactured brake calipers.

Rear disc brakes were standard on GSL and GSL-SE models; they were optional on 1981-85 12A models.

**Core Refund Information - Calipers:** A rebuildable core will have no excessive wear. Caliper must be assembled. No worn, damaged or cracked castings. No damaged bleeder screw threads or seat. No worn or elongated mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

### Do You Know What Kind Of Suspension You Have?

#### Normal Suspension:

- Single piston front calipers.
- Solid rear rotors.
- 4 Lug wheels (1986-88).
- 5 Lug wheels (1989-92).

#### Hard Suspension:

- 4 Piston front calipers.
- Vented rear rotors.
- 5 Lug wheels (1986-92).
- All TURBO and convertible models.

## Cross Drilled Brake Rotors

Conforming to Industry Standards, Racing Products are Not Guaranteed and No Liability is Assumed.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
64-840	FRONT CROSS DRILLED ROTOR SET	RX7 5 LUG 86-92 (1)	199.94	159.95
64-841	FRONT CROSS DRILLED ROTOR SET	RX7 93-95 (1)	249.94	199.95

Cross Drilled Rotors run cooler and reduce rotating mass. Each hole is radiused for a smooth transition at the edge of the hole to extend pad life and reduce stress. The holes allow water and gasses to escape so the pad has better contact to the rotor. This means faster stops, less fade and improved wet weather performance. Cooler brakes also last longer and reduce rotor warping.

## Brake Hoses

RX7 1979-95

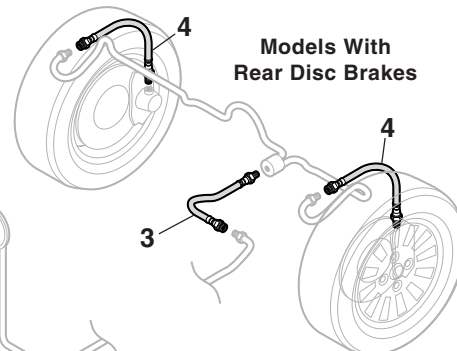

Stainless Steel Braided Brake Hoses don't expand under pressure like rubber. This gives you a firmer pedal and more pressure to the brakes. Stainless steel will wear better and last longer than original rubber hoses. These sets meet DOT guidelines and are legal for street use. Set replaces rubber brake hoses and includes nuts and washers as required.

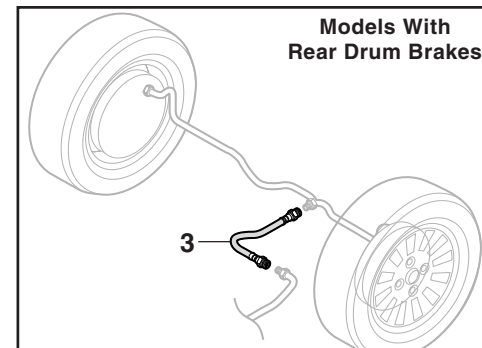

Speed Bleeder - Makes Bleeding Brakes Easier - See Page 76

## Speed Bleeder ... Bleeding Your Brakes Has Never Been Easier !

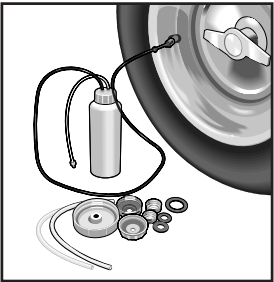

Speed Bleeder Valves replace the original bleeder valve in your caliper or wheel cylinder with a spring-loaded one way ball and check valve design. The stainless steel check ball opens to allow the old fluid and air out, then closes automatically between pumps. It's a real time saver. The Speed

Bleeder Bag is environmentally friendly and catches your old brake fluid for a no-spill, no-mess operation.

64-879	SPEED BLEEDER BAG	ALL	79-95 (1)	8.69 6.95

## Eezibleed Means No More Pedal Pumping For Brake / Clutch Bleeding

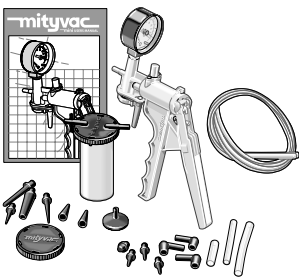

Eezibleed requires no pedal pumping, it works off your tire pressure, and no air, dirt or moisture is left in the lines. Eliminating the old buddy system problem, Eezibleed lets you work on your car alone. The kit includes special screw caps to fit the reservoirs on your car.

Instructions for bleeding brakes are provided in the kit. Perfect clearing is ensured with fast one-way flow.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
70-373	EEZIBLEED BLEED KIT	ALL MODELS	(1)	112.44 89.95

## Mityvac Brake Bleed Kit

Quickly and easily diagnose, measure, test, tune-up and bleed the brakes of your car with this hand-held vacuum pump. Lightweight and easy to use, even brake bleeding becomes a one-person job. Unique center facing gauge for easy reading. The Mityvac includes precision-made repairable vacuum pressure pump, vacuum gauge (scaled in inches and centimeters of mercury), reservoir jar, brake bleeding adaptor package, transfer and storage lid, user's manual (English and Spanish), rubber cup adaptor and automotive adaptor package.

transfer and storage lid, user's manual (English and Spanish), rubber cup adaptor and automotive adaptor package.

PART	DESCRIPTION AND APPLICATION	LIST	SELL
70-385	MITYVAC-BRAKE BLEED PUMP	ONE PERSON KIT	56.19 44.95

## Rubberlube Grease & Brake / Clutch Fluid

**Lockheed Premium DOT 4 Brake Fluid** is a high-performance brake and clutch fluid which combines a high boiling point with excellent lubricant and viscosity properties. DOT 4 fluid far exceeds requirements and complies with original equipment standards.

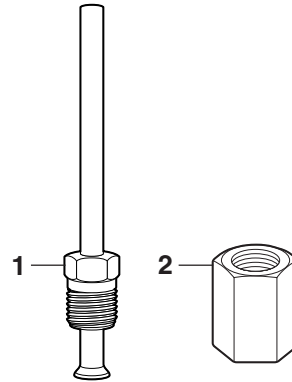

70-386	LOCKHEED BRAKE/CLUTCH FLUID	DOT 4	4.94	3.95
--------	-----------------------------	-------	------	------

**Lockheed Rubberlube Grease** is a red colored grease that will not damage natural rubber components. Recommended for use inside rubber boots or hydraulic assemblies where rubber is present. It is made from quality lubricating and anti-rusting properties.

70-387	LOCKHEED RUBBERLUBE GREASE		2.44	1.95
--------	----------------------------	--	------	------

## Japanese Metric Replacement Steel Brake Lines

Use these steel lines to replace worn or damaged brake lines. These pre-flared steel lines are ready to install with one short and one long metric fitting nut on each end. With a wall thickness of 0.028" (0.70mm) they can withstand pressure up to 17,100 psi. Each line features copper brazed double-walled steel construction with a galvanized zinc coating, offering high resistance to corrosion, vibration, pressure and leakage. Lines can be easily bent without kinking. Use part #70-397 Tube Bending Tool.

PART	ILL#	DESCRIPTION AND APPLICATION			LIST	SELL

## Flare Nut Wrench Set ... The Ideal Tool

Get a firm grip on tubing nuts without damaging them. These angled flare nut wrenches are ideal for most tube fitting applications such as brake, fuel, vacuum and coolant lines. This set fits tubing nut sizes 9mm through 14 mm.

70-389	FLARE NUT WRENCH SET	METRIC	18.69	14.95
--------	----------------------	--------	-------	-------

## Tube Bending Tool ... Bends Without Kinking Or Collapsing

Bends 3/16", 1/4", 5/16" and 3/8" diameter tubing without kinking or collapsing. The machined aluminum head is mounted to a steel handle that has a vinyl grip.

70-397	TUBE BENDING TOOL	ALL MODELS	11.19	8.95
--------	-------------------	------------	-------	------

## Cartel Brake / Clutch Fluid Meets Your Safety Standards

Cartel Silicone Brake Fluid exceeds DOT 3 and 4 safety standards to ensure your satisfaction. Cartel Silicone Brake Fluid is best for extended use, it won't absorb water that can cause corrosion and decay.

**Not compatible with conventional fluids.**

70-378	SILICONE BRAKE FLUID	DOT 5	1 QUART BOTTLE	31.19	24.95

Limited  
Manufacturer's  
Warranty

In August 1986 the U.S. Environmental Protection Agency issued strict new guidelines regulating aftermarket Catalytic Converters. Our Replacement Catalytic Converters are designed and manufactured to meet all EPA emission requirements.

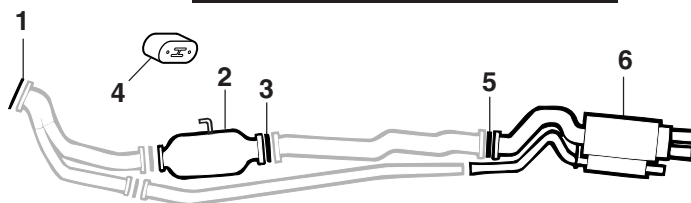

With many states getting more stringent about their emission testing, we are pleased to be able to offer you a reasonably priced, proven and tested product that is legal for road use in all 50 states and Canada.

## Exhaust Components

RX7 1979-80

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
53-410	(1)	GASKET-EXHAUST FLANGE RX7 79-80 (1)		8.69	6.95
53-420	(2)	CAT CONVERTER-REPLACEMENT RX7 79-80 (1)		237.44	189.95
53-413	(3)	GASKET-CONVERTER-REAR RX7 79-80 (1)		3.69	2.95
53-418	(4)	HANGER-EXHAUST RX7 79-80 (5)		4.94	3.95
67-071	(5)	GASKET-DONUT-MUFFLER RX7 79-80 (1)		3.69	2.95
67-088	(6)	REAR PIPE-MUFFLER RX7 79-80 (1)		374.94	299.95

MONZA Performance Exhaust System

## Exhaust Components

RX7 1981-83

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
53-411	(1)	GASKET-EXHAUST FLANGE RX7 81-83 (1)		3.69	2.95
53-411	(2)	GASKET-CAT-FRONT-REAR RX7 81-83 (2)		3.69	2.95
53-421	(3)	CAT CONVERTER-REPLACE-FRONT RX7 81-82 (1)		237.44	189.95
53-420	(4)	CAT CONVERTER-REPLACE-REAR RX7 81-82 (1)		237.44	189.95
53-418	(5)	HANGER-EXHAUST RX7 81-83 (5)		4.94	3.95
53-419	(6)	HANGER-EXHAUST RX7 81-83 (2)		3.69	2.95
67-070	(7)	GASKET-MUFFLER RX7 81-82 (1)		3.69	2.95
53-425	(8)	CONVERTER-REPLACEMENT-FRT RX7 83 (1)		237.44	189.95
53-420	(9)	CONVERTER-REPLACEMENT-RR RX7 83 (1)		237.44	189.95
53-411	(10)	GASKET-MUFFLER RX7 83 (1)		3.69	2.95
67-090	(11)	REAR PIPE-MUFFLER RX7 83 (1)		237.44	189.95

Loctite Anti-Seize Stick  
See Page 44

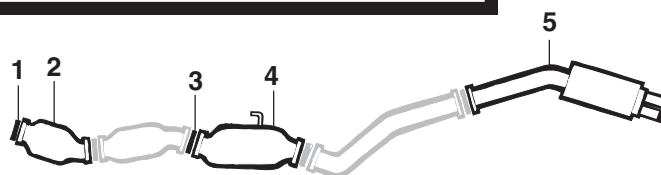

## Exhaust Components

RX7 1984-85

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
53-411	(1)	EXHAUST FLANGE GASKET RX7 84-85 (1)		3.69	2.95
53-421	(2)	CONVERTER-#1-REPLACEMENT RX7 12A 84-85 (1)		237.44	189.95
53-411	(3)	GASKET-CONVERTER FRT RX7 84-85 (1)		3.69	2.95
53-420	(4)	CONVERTER-REAR-REPLACEMENT RX7 84-85 (1)		237.44	189.95
67-090	(5)	REAR MUFFLER RX7 84-85 (1)		237.44	189.95

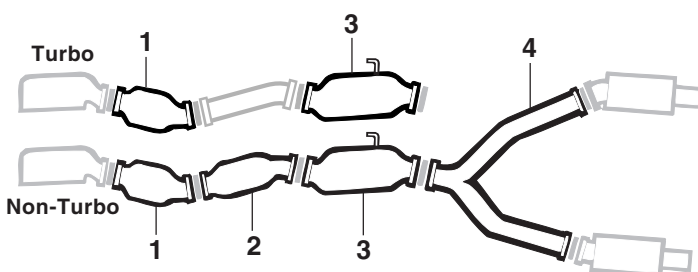

All items on this page will fit both turbo and non-turbo models unless otherwise indicated on the description line.

## Exhaust Components

RX7 1986-92

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
53-423	(1)	CONVERTER-#1-REPLACEMENT RX7 86-92(1)		237.44	189.95
53-426		CONVERTER-FRNT-REPLACEMENT TURBO RX7 86-92(1)		374.94	299.95
53-424	(2)	CONVERTER-#2-REPLACEMENT NON TURBO RX7 86-92(1)		237.44	189.95
53-422	(3)	CONVERTER-REAR-REPLACEMENT RX7 86-92(1)		237.44	189.95
53-422		CONVERTER-REAR-REPLACEMENT TURBO RX7 86-92(1)		237.44	189.95
67-087	(4)	CENTER PIPE RX7 86-88(1)		74.94	59.95

## Front Wiper Components

RX7 1979-85

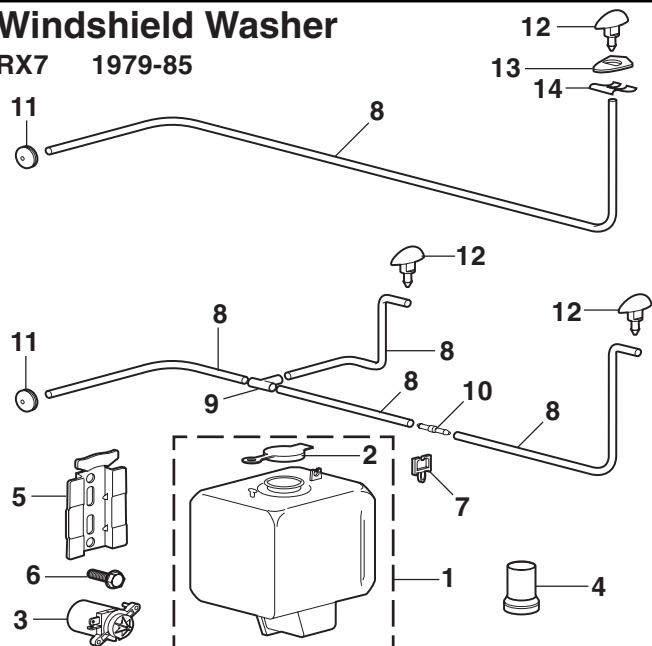

**Core Refund Information -Wiper Motor:** A rebuildable core will have no excessive wear. No damage due to force, fire, water or acid corrosion. No cracked or broken housings. No disassembled or "junkyard" cores. No converted or modified units. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

**Core Refund Information - Wiper Motor:** A rebuildable core will have no excessive wear. No damage due to force, fire, water or acid corrosion. No cracked or broken housings. No disassembled or "junkyard" cores. No converted or modified units. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

## Wiper Delay Switch ... When You Don't Need Full Wiper Speed !

When it is sprinkling or drizzling outside, there is no need for your windshield wipers to work constantly. That's why you need a Wiper Delay Switch. Stop the annoying sound of your wiper blades scraping across your windshield. Buy this Wiper Delay Switch today and rid yourself of that annoying sound.

DO NOT send a non-rebuildable core.

## Battery Components

RX7 1979-85

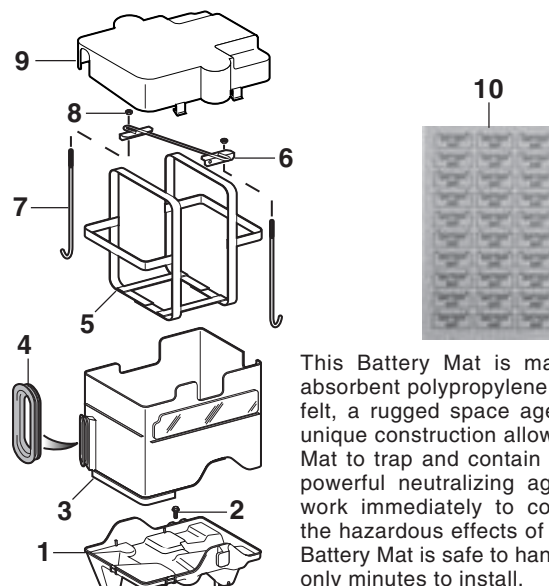

This Battery Mat is made of super absorbent polypropylene needlepunch felt, a rugged space age product. Its unique construction allows the Battery Mat to trap and contain acid while its powerful neutralizing agents start to work immediately to counterbalance the hazardous effects of the acid. The Battery Mat is safe to handle and takes only minutes to install.

## BOSCH Super Spark Plugs ... For Better Mileage & Longer Life

In 1911 Ray Harroun used BOSCH spark plugs in his Marmon Wasp to win the first Indianapolis 500 race. This winning tradition continues now in the modern era, as BOSCH has won 15 consecutive Indy 500 races.

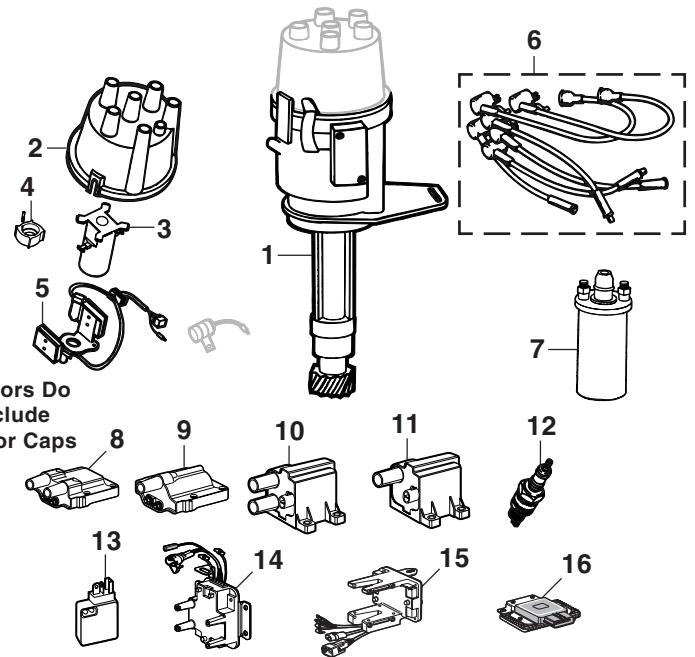

Heavy-duty copper core electrode operates hotter at lower speeds to prevent fouling and colder at higher speeds to prevent pre-ignition. Heavy duty to prevent premature erosion and corrosion. The Pyranit Insulator has a 5-rib current leakage barrier to prevent voltage loss and withstand combustion tortures. 95% Aluminum Oxide for extra strength. Super Plugs feature a nickel-plated plug shell that fights corrosion and erosion. No need to lubricate threads for installation. The heavy-duty ground electrode withstands both corrosion and high combustion temperatures.

## Haynes Workshop Manuals

**Haynes Owners Workshop Manuals:** Covers inspection, repair, disassembly and installation of the engine, cooling, emission control, ignition, electrical, braking and drive train of your RX-7. The 1979-85 manual contains 314 pages. The 1986-91 manual has 301 pages.

**Haynes Fuel Injection Manuals:** The ideal companion to the Haynes Owners Workshop Manuals. The operating components, sensors and computers of fuel injection systems are examined in detail. Step-by-step removal and installation procedures are presented for the home mechanic. The 1978-85 manual has 144 pages. The 1986-96 manual contains 328 pages, adds simplified troubleshooting and repair, and comes complete with computer trouble code charts.

**Haynes Weber Carburetor Manual:** Contains theory and operation, detailed overhaul procedures, and includes application and reference tables. Provides information on converting to Weber carburetors with maintenance and tune-up instructions. 352 pages.

**Haynes Auto Electrical Manual:** Covers auto electrical systems, including starting and charging systems, gauges and accessories, troubleshooting and more. 194 pages.

**Haynes Body Repair & Painting Manual:** Shows how the pros tackle bodywork, to assist you in completing the job. 'Project' and 'Technique' sections within each category help you repair your car. 215 pages.

**Haynes Heating & Air Conditioning:** Covers step-by-step procedures for diagnosis, maintenance and repair of all domestic and import heating and air conditioning systems in use today. 209 pages.

**Haynes Emission Control Manual:** A simple, do-it-yourself approach to automotive emissions controls. Basic information, diagnosis and repair for domestic and import models, including computer-controlled vehicles.

**Haynes Brake Manual:** Covers principles of operation, troubleshooting, maintenance and repair of the braking system. Contains over 500 illustrations.

**Haynes Suspension, Steering & Driveline Manual:** Covers troubleshooting, maintenance and repair procedures for most foreign and domestic suspension, steering and driveline systems. Includes rear differential overhaul procedures and modifications for improving your vehicle's handling.

## Books

**High Performance Driving:** By Bob Bondurant and John Blakemore. Achieve your full potential on the street or on the racetrack! Bondurant shares his vast experience of teaching thousands the skills of high performance driving. This book is filled with Bob's

unique insights and valuable advice on the fine points of cornering, double-clutching, shifting, cadence braking, throttle steering and more. 144 pages with over 120 b&w photos and illustrations.

81-655 HIGH PERFORMANCE DRIVING 24.94 19.95

**Secrets of Solo Racing: Expert Techniques for Autocross and Time Trials:** By Henry A. Watts. A must-have book for everyone interested in autocross and time trials. Packed with hands-on information for racing and car prepping, lists of clubs, rules and much

more. 192 pages, 77 b&w illustrations.

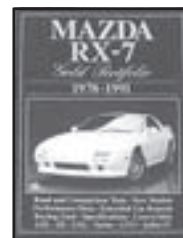

81-656 SECRETS OF SOLO RACING 21.19 16.95

**Mazda RX-7 Performance Handbook:** By Mike Ancas. Mazda's RX-7 has established a reputation as an affordable, high performance sports car. This book guides you through the history of the model from the 605X

project car up to the current RX-7, covering technical changes and progression in technology through the years. Extract maximum performance from your RX-7 with detailed chapters on suspension and chassis, brakes, engine, drivetrain, body and interior. Restoration and modification plans for high performance street, road racing and autocrossing are also included. Softbound, 160 pages, 250 b&w illustrations.

81-636 RX7 PERFORMANCE HANDBOOK 24.94 19.95

**Mazda RX-7 Gold Portfolio 1978-1991:** By R.M. Clark. Contains 38 articles including information on road and comparison tests, new models, performance data, extended use reports, specifications, buying used, etc. Models covered: Convertible,

GSL, SE GXL, TURBO, GTUs and Infini IV. Soft back 180 pages with 300+ illustrations and photographs.

81-623 RX7 GOLD PORTFOLIO 78-91 43.69 34.95

**RX-7: Mazda's Rotary Engine Sportscar:** By Brian Long. Introduced to American shores in Spring 1978, Mazda's RX-7 is perhaps most notable for its rotary engine developed by German engineer Felix Wankel. This color

history examines the development, design, marketing and performance of Japanese export versions through the 1999 model year, with specific emphasis on "Wankel's wonder." Hardbound, 192 pages, 180 b&w and color illustrations.

81-633 RX7: MAZDA'S ROTARY SPORTS 87.44 69.95

Before Ordering, Read Pages 87 & 88

**1-888-789-3746**

Toll Free - USA & Canada

**Ordering: Your Responsibilities**

- Be prepared with correct mailing zip code.
- Give correct part number, description of part and quantity desired.
- State make, model, year of vehicle and chassis ID number where pertinent.
- Have credit card account number, expiration date, name as it appears on the card and a billing address ready before you phone. Any incomplete/incorrect information will delay your order.
- Specify if shipping address is different from mailing address, be prepared with correct mailing zip code.
- To ensure accuracy, speak distinctly and spell your name, street, city and state.
- When ordering by mail or fax include all information above, use Order Form whenever possible and please print clearly. Include daytime phone number.
- When ordering by mail or fax, the correct parts total with additional charges are your responsibility.

**Parts Information**

**We are not trained automotive technicians. You should consult local machine shops and mechanics regarding technical advice. Technical information is included in workshop manuals shown in catalogs.**

**Availability Of Parts**

Every part listed in this catalog at the time it was written was available to us from our importers, suppliers, manufacturers or was being planned as a reproduction. We serve a hobby that spans over 30 years and, even for late model cars, parts become discontinued. When a part is discontinued, it will be removed from the next current catalog. If you have ordered an item that becomes discontinued, the part will be cancelled from your order. You will be notified and refunded, if prepaid.

**Substitution Of Parts**

We reserve the right to substitute products of similar nature and like quality.

**Backorders**

If a part you ordered is not in stock at the time you placed your order, chances are it is already on the way to us. Such items will show as backordered on your packing list and will be shipped as soon as possible. If you do not want backorders to be filled, simply write "No Backorders" on your order form. Backorders can be cancelled prior to shipment by calling our customer order line, 1-888-789-3746.

**Cancelled Orders**

Orders will be cancelled for the following reasons:

1. Declined credit card.
  2. Non-shipment status.
  3. Part number given is invalid (if it is the only part on your order).
  4. Orders with incomplete/incorrect information will be cancelled within 5 business days.
- Ten days after the third attempt to contact you, your order will be cancelled.

**Abbreviations**

The following may appear on your packing list:

- BACKORD - Backordered, will ship when available.
- TOS - Temporarily Out of Stock. Part cancelled. Please reorder in 3-4 weeks.
- TBA - To Be Announced (Availability). Part cancelled from order. Check availability at a future date.
- NLA - No Longer Available, stock depleted or no manufacturer.

**Part Number Definitions**

- T - After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$100.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted.
- Z - Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
- R - Remanufactured Part - No core charge.

**Payment Methods**

1. Credit cards accepted: American Express, Discover, MasterCard, Visa.
2. PREPAID ORDERS MUST BE PAID IN U.S. FUNDS. Not responsible for cash sent through USPS, UPS or other delivery methods. Money orders or certified checks **payable to Long Motor Corporation** are preferred since personal checks may cause a delay. NO FOREIGN CURRENCY.
3. C.O.D. orders will only be shipped for cashier's check or money order upon delivery. Refer to **C.O.D.'s** Section on the following page.
4. Gift certificates redeemable only upon receipt.

**Credit Card Charging**

We do not charge your account when we receive your order. We only charge your account at the time the order goes to shipping and for only those items being shipped. **Your copy of the packing list is your record of payment.**

- Refunds are made in the same manner in which you made payment. Credit to your charge card or refund check if you paid by check. Credit to your charge card will not appear until you receive your next billing statement. Refunds on orders paid by check will be issued after 10 working days from receipt of check.

**Balance Due**

On prepaid orders, where there is a balance due, you will be notified.

**Drop Shipped Items**

Shipped truck freight collect from the manufacturer for actual charge. Approximately \$190-\$250 residential. \$80-\$145 business zone. No free shipping. Please allow 7-8 weeks for delivery. If the part is cancelled a fee will apply. The cancellation fee will be calculated by the manufacturer and will be deducted from the refund.

**Returns Policy**

- We consider all sales final unless a part is either: (1) Defective (2) Other than ordered.
- A return will not be accepted after 180 days (unless under extended manufacturer warranty shown in catalogs). Returns must be made in their original cartons.
- Any part returned must be in NEW-SALE condition as determined by our returns department.
- Parts which installation has been completed or attempted are not returnable. It is the customer's responsibility to check parts for correct fit BEFORE installation.
- A part which has been disassembled, drilled, welded, cut, painted or modified in any way cannot be returned. Any incomplete kit cannot be returned.
- Installation, disassembly or modification done by a third party on behalf of a customer is not an exception to our policy. The purchaser has full responsibility for the condition of the part.
- Refunds are made in the same manner in which you made payment. Credit to your charge card or refund check if you paid by check. Refunds on orders paid by check will be issued after 10 working days from receipt of check. Refunds of less than \$1 will not be refunded without customer request.

**Returns Procedure**

- For a return to be accepted (exchange/refund), the procedure on the back of the packing slip must be followed exactly. Call Customer Service for return authorization on **Truck Freight** parts or **orders shipped outside the 48 States**. It is not necessary to call for authorization on **UPS** or mail shipments inside the 48 contiguous United States. The original packing slip or a copy of both sides must accompany the return. Failure to include invoice with your shipment will delay the return processing and may result in a 20% restocking fee. **Keep A Copy For Your Records!**
- All returns must have shipping charges prepaid, including duties, customs and special handling charges, where applicable. We recommend that you return your items via UPS for better service and traceability. COD's will not be accepted.
- On returns due to our error, your shipping expense will be reimbursed based only upon **UPS ground** charges. If a reship is necessary, we will pay ground shipping charges. Call for return authorization on **Truck Freight** parts.
- Unauthorized Truck Freight returns will be charged 20% restocking fee plus the actual roundtrip Truck Freight charges.
- If the return was not caused by our error, or not accompanied by a copy of the original packing slip, a restocking fee of up to 20% may be charged. This fee will be waived if the full credit from the return is applied to a new order received with the returned parts.
- Please package your returns carefully in original container(s) and send to the following address. We are not responsible for damages. **14600 W. 107th Street Lenexa, KS 66215**

**Shipping/Damage Claims**

*Please open your package(s) and check the items and packing list as soon as received. Some small parts are occasionally packaged inside larger ones. For accuracy your order has been checked twice.*

All parts are F.O.B., Lenexa, Kansas. DAMAGED SHIPMENTS ARE THE RESPONSIBILITY OF THE CARRIER. Should your shipment appear to be damaged or opened when received, check the contents in the presence of the carrier's agent. Report any discrepancies and file a damage claim with the carrier at that time.

- On Truck Freight Shipments: It is the customers responsibility to have driver note all damage on the freight bill BEFORE YOU SIGN FOR THE PACKAGE.
- On Concealed Damage (not noted when delivered) contact the carrier.
- Save all packing your order was received in.
- Claims for shortages or damaged parts (visible or concealed) must be made to the carrier within **15 days** of receipt of parts or the claims will not be honored.

**Warranty**

- BLACK DRAGON AUTOMOTIVE guarantees all parts for exchange or refund up to 180 days provided all criteria for a return are met. See **Returns Policy & Procedure**.
- In some instances the manufacturer's warranty extends this limit. These extensions are noted in the catalog. Examples: Monza Exhaust, Tokico Shocks and Crane Cams Electronic Ignitions.
- All parts are subject to the manufacturer's warranty on workmanship and materials. Long Motor Corporation dba BLACK DRAGON AUTOMOTIVE will not be responsible or liable for labor, incidental or consequential damages of any kind. Our maximum liability shall not exceed the cost of the product.
- Failure of a part due to misuse, incorrect installation or failure of related parts is not covered by warranty and is not the liability of Long Motor Corporation dba BLACK DRAGON AUTOMOTIVE.
- The warranty period begins at Date of Purchase.
- If we are unable to exchange a part, due to backorder or no longer available status of the part, we will refund you the original purchase price of the part.

**Prices**

We establish prices and hold those prices until a new edition or supplemental price sheet is published. Except for unusual circumstances the price in the current catalog "Sell" column is the low price you will pay.

**Catalog Errors**

We have made every effort to assure that the information in this publication is correct. We will not be held liable or responsible if any inaccuracy exists in specifications or pricing. We reserve the right to correct any errors.

**Your Rights**

As a mail order customer you have certain rights according to federal regulation. We want you to be aware of those rights and be assured we will protect those rights. We are in business to serve you.

- If we are unable to ship your order within 30 days of the date received, we will notify you. On prepaid orders over 60 days, your written approval is required, or parts will be cancelled and you will receive a prompt refund.

**BLACK DRAGON AUTOMOTIVE Rights**

- We reserve the right to refuse service or shipment to anyone.
- We reserve the right to collect a service charge of \$20 for a returned check. Insufficient fund accounts will be held for no shipments until fee is collected.

**Effective February 22, 2006**

These charges supersede all previous publications.

**Order Charge**

The following charges will be added to your order where applicable:

1. "Delivery and Handling Charge" based on "Parts Total" of order.
2. "Core Charge". See "Core Charge".
3. \$8.50 for "C.O.D. Orders".
4. Orders shipped within Kansas will be charged the current combined state and local sales tax rate for the delivery address. Orders that are picked up at the City Counter will be charged the current applicable rate. If a Kansas State Resale Exemption form is on file or provided, no sales tax will be charged.

**Delivery & Handling Charge (D & H)**

1. Delivery & Handling Charge is a system we have designed to speed processing of your order and to eliminate confusion.
2. This charge covers handling, containers, shipping and insurance.
3. This charge is based on "Order Parts Total", excluding items which ship truck freight. -T parts must ship Truck Freight. All truck freight must be prepaid. Prepaid truck freight in the 48 contiguous United States will be \$100.00. This includes shipping, handling and insurance.

*We reserve the right to choose method of shipment.*

**Delivery Policies**

1. Free delivery on orders over \$1000.00 that ship UPS Ground. ▼ Below
2. Free delivery on orders over \$1000.00 that ship Truck Freight. ▼ Below
3. Free delivery orders must be placed at one time. We reserve the right to split shipments.
4. Long Motor Corporation cannot assume responsibility for any interruption of delivery service due to a cause beyond the carrier's control, including, but not limited to: weather, strikes, lockouts or labor disputes.

▼ *Free delivery exceptions:*

- A. No free delivery on Orders Outside of 48 Contiguous United States.

**Saturday Delivery Charge**

- UPS Saturday Delivery is only available upon request.
  - UPS Saturday Delivery is not available in all areas.
  - **A \$10.00 charge will be added to Next Day Air Charges.**
  - Delivery is not available to orders outside of the 48 contiguous United States, APO/FPO addresses, P.O. Box numbers or for -T truck common carrier parts.
1. All orders must be prepaid. **No C.O.D.'s.**
  2. All orders must be received by Friday 3:00 p.m. Central Time in order to ship Saturday Delivery.

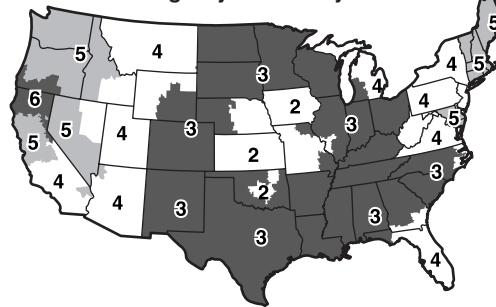

**Air Delivery Charge**

1. All orders in the 48 contiguous United States must be received by 3:00 p.m. Central Time, Monday through Friday in order to ship same day (except holidays).
  - Next Day Air & Second Day Air service is available in the 48 contiguous United States. Air Service delivery is only available upon request. Next Day is guaranteed the next business day. Second Day Air delivery is guaranteed for delivery on the second business day.
  - Next Day Air Service or Second Day Air deliveries scheduled to deliver between December 12 and December 25 are not guaranteed.
  - Delivery is not available to APO/FPO addresses, P.O. Box numbers or for -T truck common carrier parts.
2. Limitations on size and/or weight do apply to some items. If this occurs on your order, you will be contacted prior to shipping for additional charges or shipping method changes.
3. Backorders will be shipped by ground service methods. If backorders are requested to ship air, additional air charges will be applied to the backorder shipment.

**APO/FPO**

1. C.O.D. is not allowed on APO/FPO orders.
2. Before placing your order, check to be certain parcels will be accepted and delivered to your APO/FPO location.
3. All APO/FPO shipments will be sent Insured Priority Mail via the U.S. Postal Service. Size limitations apply.
4. All orders will be shipped complete.

**No Truck (-T) item can be shipped to APO/FPO location; no exceptions.**

**Faster "Working Days" Delivery Time**

**Toll Free**

 Worldwide Orders  
**1-913-541-8500**  
 Kansas City Area  
**913-541-0880**

**Orders Will Be Delivered Between 2 - 6 Business Days**

- "Working Days" are Mondays - Fridays less holidays.
- Complete orders will be processed and sent to shipping within 24-48 hours.
- Partial orders will be shipped as soon as possible.
- Backorders normally are filled in 1 or 2 weeks.

UPS Regular deliveries are not made on weekends or holidays. Rural areas may need to add 2-3 days for delivery.

**Core Charges (-Z Parts)**

"Core Charges" are charges on items that are remanufactured. The core charge is added to your order and normally assures you will return a unit that can be sent to the manufacturer to be rebuilt. Without the constant inflow of rebuildable units, those items will become unavailable and discontinued. The core charge will be refunded per the policy below.

1. Ship the core back to us postpaid. WE WILL NOT ACCEPT C.O.D.'S. Return postage will not be refunded on the core return.
2. Refunds will be issued only for parts that have been purchased from us. Core returns must include a copy of your packing list showing core charges.
3. For a refund the core must be: rebuildable; complete, no missing pieces, and it must be fully assembled. Cores containing oil or any fluid must be completely drained. Cores returned with excessive oil/fluids, non-rebuildable and unidentified cores will not be refunded and will be disposed of at our discretion. In addition to the above policy, specific core refund requirements are found where the part appears in the catalog.
4. Upon receipt and approval of your core, the core charge will be refunded in the same manner as payment was originally made. Refund process may take 7-10 business days depending on the manufacturer.

**14600 W. 107th Street, Lenexa, KS 66215**

**C.O.D.'S**

1. All C.O.D. orders will be shipped for cashier's check or money order. No exceptions.
2. You must provide an address where someone is available 8:00 a.m. - 5:00 p.m. Monday-Friday to receive and pay for your C.O.D. shipment.
3. Undelivered or refused C.O.D.'s will cause your account to be flagged for prepaid orders only. The parts will be returned to our stock.

**C.O.D.'s are not allowed on:**

1. Items which must be shipped by truck common carrier ( "-T" suffix).
2. Orders outside of the 48 contiguous United States.
3. Air Delivery orders.
4. APO/FPO orders.
5. Post Office Box delivery.

**Alaska, Hawaii and Puerto Rico**

1. Orders must ship complete. (Any split/partial shipments will incur double shipping costs.)
2. Payment must be made in U.S. funds. Not responsible for cash sent through USPS, UPS or other delivery methods. No personal checks.
3. Your responsibilities include additional delivery costs, oversized and overweight charges which will be added to your order. You must provide a Central Time day telephone number or fax number on your order.
4. Limitations on size and/or weight will apply to shipments. Additional charges for delivery is the responsibility of the customer. Ten days after the third attempt to contact you, your order will be cancelled.

## MONZA Exhaust System Gives You Added Performance & Gas Mileage

The Monza Exhaust System is specially designed to bolt in place. No need to cut or weld. If you do not want to install it yourself or you just do not have time, you can always take it to your local muffler shop and let them do the work for you.

The performance of your engine is directly effected by exhaust gas flow. If exhaust flow is inhibited, the engine will drag, decreasing total horsepower. Monza Exhaust Systems virtually eliminate exhaust back pressure, increasing engine performance. They improve your car's gas mileage and running condition because of added engine capability.

Each unit keeps your car running smoother and cooler by having the correct combination of pipe diameters along with a nonrestrictive expansion chamber. It is one of the best performing, best sounding and most stylish exhaust systems available. Each exhaust system is finished in a black paint. All necessary mounting brackets, flanges and installation instructions are included.

**Limited Three Year Warranty**

**Increase  
Of Up To  
5 HP\***

**Up To  
10% Increase  
In Gas Mileage\***

\* When you add this performance part to an engine that is tuned perfectly to factory standards.

## Body Parts

RX7 1986-92

Replacement body panels are quality steel replacement parts that are made overseas. Having been shipped half way around the world by ship and then by truck, there will most likely be a few scratches or small dents; this cannot be helped and should be expected. A small amount of repair may be required. All body panels are packaged and handled with great care.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$100.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted.
